ELECTION OF DIRECTORS

General

Six directors of the Company, constituting the entire Board of Directors, are to be elected at the Annual Meeting to serve until the next annual meeting and until their successors are elected and duly qualified. In the case of the four directors to be elected by the holders of the shares of the Company's common stock, Mr. J. Sidney Davenport, Mr. Thomas H. Potts, Mr. Barry S. Shein and Mr. Donald B. Vaden have been nominated by the Board of Directors for re-election to the Board of Directors at the Annual Meeting. In the case of the two directors to be elected by the holders of the shares of the Company's preferred stock, the Company has not received any new nominations and Mr. Leon A. Felman and Mr. Barry Igdaloff have agreed to stand for re-election to the Board of Directors at the Annual Meeting. Unless otherwise indicated, a proxy representing common stock will be voted FOR the election of Messrs. Davenport, Potts, Shein and Vaden to the Board of Directors and a proxy representing preferred stock will be voted FOR the election of Messrs. Felman and Igdaloff to the Board of Directors. Each nominee has agreed to serve if elected. In the event any nominee shall unexpectedly be unable to serve, the proxies will be voted for such other person as the Board of Directors may designate. Selected biographical information regarding each nominee is set forth below.

Vote Required

The six directors will be elected by a favorable vote of a plurality of the shares of stock represented and entitled to vote with respect to each director, in person or by proxy, at the Annual Meeting. Accordingly, abstentions or broker non-votes as to the election of directors will not affect the election of candidates receiving the plurality of votes. Unless instructed to the contrary, the shares represented by the proxies will be voted FOR the election of each of the six nominees named below as directors. Although it is anticipated that each nominee will be able to serve as a director, should any nominee become unavailable to serve, the shares represented by the proxies will be voted for another person or persons designated by the Company's Board of Directors. In no event will the proxies be voted for more than six directors.

The Audit Committee is composed of three directors, each of whom is independent as defined by the listing standards of the New York Stock Exchange. The Board has adopted a written Audit Committee Charter which is included as an appendix to this proxy statement.

The Audit Committee has reviewed and discussed with management and the independent accountants the Company's audited financial statements for fiscal year 2000. In addition, the Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees".

Compensation Committee Report

The Compensation Committee of the Company's Board of Directors, which is comprised exclusively of directors who are not employees of the Company, administers the Company's executive compensation program. All issues pertaining to executive compensation are reviewed and approved by the Compensation Committee.

The Compensation Committee historically designed the executive compensation structure to reward long-term value created for stockholders and reflect the business strategies and long-range plans of the Company. The guiding principles in regard to compensation were (i) to attract and retain key high caliber executives, (ii) to provide levels of compensation competitive with those offered by the Company's competitors, (iii) to motivate executives to enhance long-term stockholder value by linking stock performance (on a total return basis) with long-term incentive compensation, and (iv) to design a long-term compensation program that leads to management retention. Executive officer compensation was based on three principal components: base salary, annual bonus, and SARs (and related DERs) granted under the Company's Incentive Plan.

Given the financial performance of the Company during 1999, the Compensation Committee revised its approach to executive compensation in January 2000. No cash bonuses were paid to the Company's three executive officers relative to calendar year 1999 (Mr. Benedetti was not an executive officer at such time). In the alternative, the three executive officers were awarded options (in the form of SARs) on the common stock of the Company. No additional SARs were awarded under the Company's Incentive Plan. No bonus plans were approved for calendar year 2000, and no salary increases were given. As of such date, the executive officers of the Company were Mr. Potts, Ms. Lynn K. Geurin, and Mr. W. Hance West.

In May 2000, Mr. West and Ms. Geurin resigned. Mr. Potts assumed the majority of Mr. West's responsibilities; Mr. Benedetti assumed all of Ms. Geurin's responsibilities. To induce Mr. Benedetti to stay with the Company during the balance of 2000, the Compensation Committee retroactively increased Mr. Benedetti's salary to \$150,000 for calendar year 2000, and increased his bonus percentage to 100% for calendar year 2000 only. At year end 2000, Mr. Benedetti received a \$150,000 bonus for 2000. Mr. Potts received an indirect bonus for 2000 as a result of a reduced interest rate on his loan with the Company. Such reduction had a value to Mr. Potts of approximately \$24,000.

For calendar year 2001, the Compensation Committee approved a base salary for Mr. Benedetti of \$180,000, and a maximum cash bonus of \$120,000. For Mr. Potts, the Compensation Committee approved a permanent reduction in the interest rate on his loan with the Company. No increase was made in Mr. Potts'

The Compensation Committee has historically awarded SARs and related DERs under the Company's Incentive Plan to its executive officers. The Company cancelled all outstanding SARs/DERs during December 2000 pursuant to the requirements of the Merger Agreement, and no such SARs or DERs are now outstanding. The Compensation Committee may award SARs and DERs in the future.

The Board of Directors has appointed Deloitte & Touche LLP ("Deloitte"), independent certified public accountants, to examine the financial statements of the Company for the year ended December 31, 2001. A representative of Deloitte is expected to be present at the Annual Meeting and will be provided with an opportunity to make a statement and to respond to appropriate questions from stockholders.

The Board unanimously recommends a vote FOR the proposal to approve Deloitte &

The aggregate fees billed by Deloitte for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2000 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$160,000.

STOCKHOLDER PROPOSAL

The Company has been advised that on behalf of Leeward Capital, L.P. the beneficial owner of 10,000 shares of common stock and an aggregate 61,400 shares of preferred stock as of December 21, 2000, Mr. Eric P. Von Der Porten, the manager of Leeward Investments LLC, general partner of Leeward Capital, 1139 San Carlos Avenue, Suite 302, San Carlos, California 94070, intends to submit the following proposal at the Annual Meeting:

PROPOSAL: "The stockholders of Dynex Capital, Inc. hereby request that the Board of Directors prepare a plan of liquidation for the Company and present that plan for approval by the stockholders at a Special Meeting to be called at the earliest possible date."

STATEMENT IN SUPPORT: "On the date this proposal was submitted, the total market value of the Company's Common Stock and Preferred Stock was approximately \$50 million. This represented a 71 percent discount from the \$172 million equity value reported by the Company for the period ended September 30, 2000. The Company has proposed a merger with California Investment Fund, LLC. The proposed consideration of \$90 million represents a 48 percent discount from the Company's stated equity value.

According to its most recent financial statements and press releases, the Company has satisfied the majority of its recourse debt obligations and is building a substantial cash reserve. Significant amounts of additional cash are likely to be available to the Company in 2001 from operating cash flows, from loan paydowns and asset sales, and from refinancings of securitized loan pools. Cash flows to the Company may be materially enhanced if short term interest rates decline, as widely expected, during 2001.

Given these circumstances, it appears likely that an orderly course liquidation of the Company's assets can, over a several-year period, generate free cash well in excess of both the Company's current market value and the proposed merger consideration. Properly executed, a plan of liquidation could potentially have substantial benefits for the holders of the Company's Common and Preferred Stock."

The Board of Directors of the Company unanimously recommends a vote AGAINST this proposal for the reasons set forth below.

The Board of the Company has evaluated over the past eighteen months various courses of action to improve shareholder value given the depressed prices of the Company's preferred and common stocks, and to provide greater liquidity for such stocks. In March 2001, the Company amended certain provisions of its senior notes due in July 2002 to allow the Company to make distributions on its capital stock in an amount not to exceed the sum of (a) \$26 million, (b) the cash proceeds of any "permitted subordinated indebtedness", (c) the cash proceeds of the issuance of any "qualified capital stock", and (d) any distributions required in order for the Company to maintain its status as a real estate investment trust.

On April 30, 2001, the Company announced that it will make concurrent tender offers for its Series A, Series B and Series C preferred stock for an aggregate cash consideration of \$26 million. The Company believes that such tender offers provide the holders of preferred stock desiring to liquidate their holdings immediate opportunity to sell their shares in the tender offer at a premium to the market price. At the same time, the tender offers permit the Company to purchase shares of preferred stock tendered in the tender offer at a substantial discount from the book value and liquidation preferences of such

preferred stock and to cancel accrued dividends on such shares.

Assuming the tender offers are fully subscribed, on a proforma basis, as of December 31, 2000, total shareholders' equity will decline from \$157.1 million to \$131.1 million; the aggregate liquidation preference of all series of preferred stock will decline from \$152.8 million to \$94.5 million; and the book value per common share, after accrued and unpaid preferred dividends, will increase from \$0.38 to \$3.20 per share.

In light of these actions, the Board believes that the commencement of a liquidation process at this point in time would not result in an improvement of shareholders' equity and may hinder or limit future opportunities for improving shareholder value. The Board will continue to evaluate other courses of action to improve shareholder value.

For these reasons, the Board unanimously recommends a vote AGAINST the proposal.

VOTES REQUIRED

The election of four directors to be elected by the holders of the shares of the Company's common stock requires a plurality of votes by the holders of the shares of the Company's common stock cast at the meeting. The election of two directors to be elected by the holders of the shares of the Company's preferred stock requires a plurality of votes by the holders of the shares of the Company's preferred stock cast at the meeting. To appoint Deloitte as independent auditors for the Company fiscal year 2001 and to approve the stockholder proposal, if presented, will each require a majority of votes by the holders of the shares of the Company's common stock cast at the meeting.

The following principles of Virginia law apply to the voting of shares of capital stock at the meeting. The presence in person or by proxy of stockholders entitled to vote a majority of the outstanding shares of common stock will constitute a quorum. The presence in person or by proxy of stockholders entitled to vote a majority of the outstanding shares of preferred stock will constitute a quorum. Shares represented by proxy or in person at the meeting, including shares represented by proxies that reflect abstentions, will be counted as present in the determination of a quorum. An abstention as to any particular matter, however, does not constitute a vote "for" or "against" such matter. "Broker non-votes" (i.e., where a broker or nominee submits a proxy specifically indicating the lack of discretionary authority to vote on a matter) will be treated in the same manner as abstentions.

OTHER MATTERS

The management and the Board of Directors of the Company know of no other matters to come before the Annual Meeting other than those stated in the notice of the meeting. However, if any other matters are properly presented to the stockholders for action, it is the intention of the proxy holders named in the enclosed proxy to vote in their discretion on all matters on which the shares represented by such proxy are entitled to vote.

STOCKHOLDER PROPOSALS

Any proposal which a stockholder may desire to present to the 2002 Annual Meeting of Stockholders and to have included in the Company's Proxy Statement must be received in writing by the Secretary of the Company prior to January 3, 2002. Any proposals of Stockholders to be presented at the 2002 Annual Meeting which are delivered to the Company later than March 20, 2002 will be voted by the proxy holders designated for the 2002 Annual Meeting in their discretion.
