Conversion Rights:

Upon the occurrence of a Change of Control, each holder of Series C Preferred Stock will have the right, subject to the Issuer’s election prior to the Change of Control Conversion Date to redeem the Series C Preferred Stock in whole or part, to convert some or all of the Series C Preferred Stock held by such holder on the Change of Control Conversion Date into a number of shares of the Issuer’s common stock per share of Series C Preferred Stock equal to the lesser of:

- the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per share of Series C Preferred Stock plus the amount of any accumulated and unpaid dividends thereon to but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a dividend record date and prior to the corresponding dividend payment date for the Series C Preferred Stock, in which case no additional amount for such accumulated and unpaid dividends thereon will be included in this sum) by (ii) the Common Stock Price; and
- 2.63852 (the “Share Cap”), subject to adjustments to the Share Cap for any splits, subdivisions or combinations of the Issuer’s common stock;

in each case, on the terms and subject to the conditions described in the Preliminary Prospectus Supplement, including provisions for the receipt, under specified circumstances, of alternative consideration as described in the Preliminary Prospectus Supplement.

The “Change of Control Conversion Date” is the date the Series C Preferred Stock is to be converted, which will be a business day selected by the Issuer that is no fewer than 20 days nor more than 35 days after the date on which the Issuer provides the notice described above to the holders of Series C Preferred Stock.

The “Common Stock Price” is (i) if the consideration to be received in the Change of Control by the holders of the Issuer’s common stock is solely cash, the amount of cash consideration per share of the Issuer’s common stock or (ii) if the consideration to be received in the Change of Control by holders of the Issuer’s common stock is other than solely cash (x) the average of the closing sale prices per share of the Issuer’s common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal United States securities exchange on which the Issuer’s common stock is then traded, or (y) the average of the last quoted bid prices for the Issuer’s common stock in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if the Issuer’s common stock is not then listed for trading on a United States securities exchange.

The “Exchange Cap” is the aggregate number of shares of the Issuer’s common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right. For the avoidance of doubt, subject to certain adjustments, the Exchange Cap will not exceed 10,554,080 shares of the Issuer’s common stock (or equivalent Alternative Conversion Consideration, as applicable), subject to proportionate increase to the extent the underwriters’ option to purchase additional shares of Series C Preferred Stock is exercised, not to exceed 12,137,192 shares of the Issuer’s common stock in total (or equivalent Alternative Conversion Consideration, as applicable).

In the case of a Change of Control pursuant to which our common stock is or will be converted into cash, securities or other property or assets (including any combination thereof) (the “Alternative Form Consideration”), a holder of Series C Preferred Stock will receive upon conversion of such Series C Preferred Stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the “Alternative Conversion Consideration”).

On and after April 15, 2025, the Issuer may, at its option, redeem the Series C Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price equal to \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the redemption date. If, prior to the Change of Control Conversion Date, the Issuer has provided notice of its election to redeem some or all of the shares of Series C Preferred Stock (whether pursuant to its optional redemption right described above or this special optional redemption right), the holders of Series C Preferred Stock will not have the conversion right described above under "—Conversion Rights" with respect to the shares of Series C Preferred Stock called for redemption. Please see the section entitled "Description of the Series C Preferred Stock—Redemption—Special Optional Redemption" in the Preliminary Prospectus Supplement.
