CAUTIONARY STATEMENT ABOUT FORWARD-LOOKING STATEMENTS

Certain written statements we make in this prospectus, and in our other filings with the SEC that are incorporated herein by reference, that are not historical facts constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Exchange Act. Forward-looking statements are those that predict or describe future events or trends and that do not relate solely to historical matters. All statements contained or incorporated by reference in this prospectus addressing our future results of operations and operating performance, events, or developments that we expect or anticipate will occur in the future, including, but not limited to, statements relating to investment strategies, changes in net interest income, investment performance, earnings or earnings per share, the interest rate environment, capital raising strategies and activities, economic conditions and outlook, expected impact of hedging transactions, and market share, as well as statements expressing optimism or pessimism about future operating results, are forward-looking statements.

You can generally identify forward-looking statements as statements containing the words “will,” “believe,” “expect,” “anticipate,” “intend,” “estimate,” “assume,” “plan,” “continue,” “should,” “may” or other similar expressions. Forward-looking statements are based on our current beliefs, assumptions and expectations of our future performance as of the date the statements are made, taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If a change occurs, our business, financial condition, liquidity and results of operations may vary materially from those expressed or implied in our forward-looking statements. We caution readers not to place undue reliance on our forward-looking statements, which are not historical facts and may be based on assumptions and expectations that do not materialize.

We may make forward-looking statements in this prospectus, and in our other filings with the SEC that are incorporated herein by reference, regarding:

- Our business and investment strategy including our ability to generate acceptable risk-adjusted returns and our target investment allocations;
- Our views on the effect of actual or proposed actions of the Board of Governors of the Federal Reserve System (the “Federal Reserve”) and its Federal Open Market Committee (the “FOMC”) with respect to monetary policy (including the targeted Federal Funds Rate), and the potential impact of these actions on interest rates, inflation or unemployment;

- The effect of regulatory initiatives of the Federal Reserve (including the FOMC) and other financial regulators;
- Our financing strategy including our target leverage ratios, our use of to-be-announced, or TBA, forward contracts in dollar roll transactions, and anticipated trends in financing costs, and our hedging strategy including changes to the derivative instruments to which we are a party, and changes to government regulation of hedging instruments and our use of these instruments;
- Our investment portfolio composition and target investments;
- Our investment portfolio performance, including the fair value, yields and forecasted prepayment speeds of our investments;
- Our liquidity and ability to access financing, and the anticipated availability and cost of financing;
- Our stock repurchase activity and the impact of stock repurchases;
- Our intention and ability to pay dividends in the future;
- Our use of and restrictions on using our tax net operating loss (“NOL”) carryforward;
- The status of pending litigation;
- The competitive environment in the future, including competition for investments and the availability of financing;
- Estimates of future interest expenses, including related to our repurchase agreements and derivative instruments;
- The status of regulatory rule-making or review processes and the status of reform efforts and other business developments in the repurchase agreement financing market;
- Market, industry and economic trends, how these trends and related economic data may impact the behavior of market participants and financial regulators; and
- Market interest rates and market spreads.

While it is not possible to identify all factors, some of the factors that may cause actual results to differ from historical results or from any results expressed or implied by forward-looking statements, or that may cause our projections, assumptions, expectations or beliefs to change, include the following:

- The risks and uncertainties referenced in this prospectus, or in our other filings with the SEC that are incorporated herein by reference, particularly those set forth under the heading “Risk Factors” herein and in our most recent Annual Report on Form 10-K under Item 1A, “Risk Factors”;
- Our ability to find suitable reinvestment opportunities;
- Changes in domestic economic conditions;
- Changes in interest rates and interest rate spreads, including the repricing of interest-earning assets and interest-bearing liabilities;
- Our investment portfolio performance particularly as it relates to cash flow, prepayment rates and credit performance;
- The impact on markets and asset prices from the Federal Reserve’s balance sheet normalization process through the reduction in its holdings of Agency residential mortgage-backed securities and U.S. Treasuries;
- Actual or anticipated changes in Federal Reserve monetary policy;
- Adverse reactions in U.S. financial markets related to actions of foreign central banks or the economic performance of foreign economies including in particular China, Japan, the European Union, and the United Kingdom;
- Uncertainty concerning the long-term fiscal health and stability of the United States;
- The cost and availability of financing, including the future availability of financing due to changes to regulation of, and capital requirements imposed upon, financial institutions;
- The cost and availability of new equity capital;
- Changes in our use of leverage;
- Changes to our investment strategy, operating policies, dividend policy or asset allocations;

-
- The quality of performance of third-party servicer providers of our loans and loans underlying our securities;
 - The level of defaults by borrowers on loans we have securitized;
 - Changes in our industry;
 - Increased competition;
 - Legislative, regulatory or administrative changes affecting our business;
 - Changes in the repurchase agreement financing markets and other credit markets;
 - Changes to the market for interest rate swaps and other derivative instruments, including changes to margin requirements on derivative instruments;
 - Uncertainty regarding continued government support of the U.S. financial system and U.S. housing and real estate markets; or to reform the U.S. housing finance system including the resolution of the conservatorship of Fannie Mae and Freddie Mac;
 - The composition of the Board of Governors of the Federal Reserve System;
 - Ownership shifts under Section 382 of the Internal Revenue Code of 1986, as amended (the “Code”), that further limit the use of our tax NOL carryforward; and
 - Exposure to current and future claims and litigation.

These and other risks, uncertainties and factors, including those described in the annual, quarterly and current reports that we file with the SEC, could cause our actual results to differ materially from those projected in any forward-looking statements we make. All forward-looking statements speak only as of the date on which they are made. New risks and uncertainties arise over time and it is not possible to predict those events or how they may affect us. Except as required by law, we are not obligated to, and do not intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

We are including this cautionary statement in this prospectus to make applicable and take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 for any forward-looking statements made by us or on our behalf. Any forward-looking statements should be considered in context with the various disclosures made by us about our business in our public filings with the SEC, including without limitation the risk factors described above and those described in “Risk Factors” beginning on page 7.

OUR COMPANY

We are an internally managed mortgage real estate investment trust, or mortgage REIT, which invests in residential and commercial mortgage backed securities on a leveraged basis. Our objective is to provide attractive risk-adjusted returns to our shareholders over the long term that are reflective of a leveraged, high quality fixed income portfolio with a focus on capital preservation. We seek to provide returns to our shareholders primarily through regular quarterly dividends and also through capital appreciation.

Our common stock is traded on the New York Stock Exchange under the symbol “DX.” We also have two series of preferred stock outstanding, our 8.50% Series A Cumulative Redeemable Preferred Stock which is traded on the NYSE under the symbol “DXPRA,” and our 7.625% Series B Cumulative Redeemable Preferred Stock which is traded on the NYSE under the symbol “DXPRB.”

We invest in Agency and non-Agency mortgage-backed securities, or MBS, consisting of residential MBS, or RMBS, commercial MBS, or CMBS, and CMBS interest-only, or IO, securities. Agency MBS have a guaranty of principal payment by an agency of the U.S. government or a U.S. government-sponsored entity, or GSE, such as Fannie Mae and Freddie Mac. Non-Agency MBS have no such guaranty of payment. Our investments in non-Agency MBS are generally higher quality senior or mezzanine classes (typically rated ‘A’ or better by one or more of the nationally recognized statistical rating organizations) because they are typically more liquid (that is, they are more easily converted into cash either through sales or pledges as collateral for repurchase agreement borrowings) and have less exposure to credit losses than lower-rated non-Agency MBS.

We invest and manage our capital pursuant to Operating Policies approved by our board of directors. We use leverage to enhance the returns on our invested capital by pledging our investments as collateral for borrowings such as repurchase agreements as discussed further below under “– *Financing*.” We also use derivative instruments to attempt to mitigate our exposure to adverse changes in interest rates as discussed further below under “– *Hedging*.”

Our election to be treated as a REIT for U.S. federal income tax purposes requires us to meet certain investment and operating tests and annual distribution requirements. We generally will not be subject to U.S. federal income taxes on our taxable income to the extent that we annually distribute all of our net taxable income to shareholders (subject to NOL carryforwards), do not participate in prohibited transactions, and maintain our intended qualification as a REIT.

RMBS. Our Agency RMBS investments include MBS collateralized by fixed-rate mortgage loans as well as adjustable-rate mortgage loans, or ARMs, which have interest rates that generally adjust at least annually to an increment over a specified interest rate index. Agency ARMs also include hybrid adjustable-rate mortgage loans, or hybrid ARMs, which are loans that have a fixed rate of interest for a specified period (typically three to ten years) and then adjust their interest rate at least annually to an increment over a specified interest rate index. Substantially all of our ARMs reset based on the one-year LIBOR index. We sold the majority of our non-Agency RMBS during the second quarter of 2017 because these investments were within a year of their maturity. We are not currently re-investing capital into non-Agency RMBS due to the lack of available securities of this type with attractive risk-adjusted returns.

In the second quarter of 2017, we began entering into forward contracts for the purchase of to-be-announced, or TBA, securities as a means of investing in and financing non-specified fixed-rate Agency RMBS. A TBA security is a forward contract for the purchase or sale of a fixed-rate Agency MBS at a predetermined price with certain principal and interest terms and certain types of collateral, but the particular Agency securities to be delivered are not identified until shortly before the TBA settlement date. The financing for TBA securities is implied through our use of TBA dollar roll transactions whereby we enter into an offsetting short position, net settle the paired-off positions in cash, and simultaneously enter into a similar TBA contract for a later settlement date. TBA securities purchased for a forward settlement month are generally priced at a discount relative to TBA securities sold for settlement in the current month. This discount, often referred to as “drop income,” is the economic equivalent of net interest income on the underlying Agency securities over the roll period (interest income less implied financing cost). We account for TBA securities as derivative instruments because we cannot assert that it is probable at inception and throughout the term of an individual TBA contract that its settlement will result in physical delivery of the underlying Agency RMBS, or the individual TBA contract will not settle in the shortest time period possible.

CMBS. The majority of our CMBS investments are fixed-rate Agency-issued securities backed by multifamily housing loans. The remainder of our CMBS portfolio contains both Agency and non-Agency issued securities backed by other commercial real estate property types such as office building, retail, hospitality, and health care. Loans underlying CMBS generally are geographically diverse, are fixed-rate, mature in eight to eighteen years and have amortization terms of up to 30 years. Typically these loans have some form of prepayment protection provisions (such as prepayment lock-out) or prepayment compensation provisions (such as yield maintenance or prepayment penalty). Yield maintenance and prepayment penalty requirements are intended to create an economic disincentive for the loans to prepay.

CMBS IO. CMBS IO are interest-only securities issued as part of a CMBS securitization and represent the right to receive a portion of the monthly interest payments (but not principal cash flows) on the unpaid principal balance of the underlying pool of commercial mortgage loans. We invest in both Agency-issued and non-Agency issued CMBS IO. The loans collateralizing CMBS IO pools are very similar in composition to the pools of loans that generally collateralize CMBS as discussed above. Since CMBS IO securities have no principal associated with them, the interest payments received are based on the unpaid principal balance of the underlying pool of mortgage loans, which is often referred to as the notional amount. Most loans in these securities have some form of prepayment protection from early repayment including absolute loan prepayment lock-outs, loan prepayment penalties, or yield maintenance requirements similar to CMBS described above. There are no prepayment protections, however, if the loan defaults and is partially or wholly repaid earlier as a result of loss mitigation actions taken by the underlying loan servicer, and therefore yields on CMBS IO investments are dependent upon the underlying loan performance. Because Agency-issued MBS generally contain higher credit quality loans, Agency CMBS IO are expected to have a lower risk of default than non-Agency CMBS IO. Our CMBS IO investments are investment grade-rated with the majority rated 'AAA' by at least one of the nationally recognized statistical rating organizations.

Financing. We finance our investments primarily through the use of uncommitted repurchase agreements which are provided principally by major financial institutions and broker-dealers. We pledge our MBS as collateral to secure the amounts borrowed from our counterparties. These repurchase agreements generally have original terms to maturity of overnight to six months, though in some instances we may enter into longer-dated maturities depending on market conditions. We pay interest on our repurchase agreement borrowings at a rate usually based on a spread to LIBOR and fixed for the term of the borrowing. Borrowings under these repurchase agreements are renewable at the discretion of our lenders and do not contain guaranteed roll-over terms. One of our repurchase agreement lenders provides a committed repurchase agreement financing facility to us with an aggregate borrowing capacity of \$400.0 million that expires in May 2019.

TBA dollar roll transactions require us to post initial margin (though typically the amount is less than the initial margin amount for repurchase agreements) and variation margin for fluctuations in fair value of the TBA securities. These dollar roll transactions have an implied financing rate which changes with market conditions, expected prepayment speeds, and the underlying demand for Agency RMBS in a given delivery period.

Hedging. We currently use interest rate swaps to hedge our exposure to changes in interest rates. Such exposure results from our ownership of hybrid and fixed-rate investments that are financed with repurchase agreements which have significantly shorter maturities than the weighted average life of these investments. Changes in interest rates can impact the market value of our investments and our net interest income, thereby ultimately impacting book value per common share. We frequently adjust our hedging portfolio based on our expectation of future interest rates, including the absolute level of rates and the slope of the yield curve versus market expectations.

General Information. Our common stock, Series A Preferred Stock and Series B Preferred Stock are listed on the New York Stock Exchange under the symbol "DX," "DXPRA" and "DXPRB," respectively. DESCRIPTION OF OUR CAPITAL STOCK

The following is a description of the material terms of our capital stock. Because it is only a summary, it does not contain all of the information that may be important to you. For a complete description, please refer to the Virginia Stock Corporation Act and our articles of incorporation and bylaws. See “Where You Can Find More Information.”

General

Our articles of incorporation currently authorize a total of 150,000,000 shares of capital stock, consisting of 100,000,000 shares of common stock, \$0.01 par value per share, and 50,000,000 shares of preferred stock, \$0.01 par value per share. Our articles of incorporation designate up to 8,000,000 shares of preferred stock as Series A Preferred Stock and designate up to 7,000,000 shares of preferred stock as Series B Preferred Stock.

As of December 22, 2017, we had issued and outstanding 55,643,549 shares of common stock, 2,300,000 shares of Series A Preferred Stock and 3,555,811 shares of Series B Preferred Stock. Under the Virginia Stock Corporation Act, shareholders generally are not liable for the corporation’s debts or obligations.

Restrictions on Ownership and Transfer

Two of the requirements of qualification for the tax benefits accorded by the REIT provisions of the Code are that (1) during the last half of each taxable year not more than 50% in value of the outstanding shares of our capital stock may be owned directly or indirectly by five or fewer individuals, and (2) there must be at least 100 shareholders on 335 days of each taxable year of 12 months.

To assist us in meeting these requirements and qualifying as a REIT, our articles of incorporation prohibit anyone from owning in the aggregate, directly or indirectly, more than 9.8% of the outstanding shares of our capital stock, unless our Board of Directors waives this limitation (the “Ownership Limit”). For this purpose, “ownership” includes constructive ownership in accordance with the constructive ownership provisions of Section 544 of the Code, as modified in Section 856(h) of the Code, as well as shares beneficially owned under the provisions of Rule 13d-3 (or any successor rule) under the Exchange Act.

The constructive ownership provisions of Section 544 of the Code generally attribute ownership of securities owned by a corporation, partnership, estate or trust proportionately to its shareholders, partners or beneficiaries; attribute ownership of securities owned by family members to other members of the same family; and set forth rules for attributing securities constructively owned by one person to another person. All shares of our capital stock which any person or persons acting as a group have the right to acquire upon exercise of outstanding rights, options and warrants, and upon conversion of any securities convertible into shares of capital stock, will be considered outstanding for purposes of determining the applicable Ownership Limit if such inclusion will cause such person or persons acting as a group to own more than such applicable Ownership Limit.

To determine whether a person holds or would hold capital stock in excess of the Ownership Limit, a person will be treated as owning not only shares of capital stock actually owned, but also any shares of capital stock attributed to that person under the attribution rules described above. Accordingly, a person who individually owns less than 9.8% of the shares outstanding may nevertheless be in violation of the Ownership Limit.

Any acquisition of shares of capital stock that could or would (i) cause us to be disqualified as a REIT, (ii) result in the imposition of a penalty tax (a “Penalty Tax”) on us (including the imposition of an entity-level tax on one or more real estate mortgage investment conduits (“REMICs”) in which we have acquired or plan to acquire an interest) or (iii) endanger the tax status of one or more REMICs in which we have acquired or plan to acquire an interest will be null and void to the fullest extent permitted by law, and the intended transferee (the “purported transferee”) will be deemed never to have had an interest in such shares. If the prior sentence is held void or invalid by virtue of any legal decision, statute, rule or regulation, then the purported transferee of those shares will be deemed, at our option, to have acted as agent on our behalf in acquiring those shares and to hold those shares on behalf of us.

Shares which, but for the provisions of Article VI of our articles of incorporation, would be owned by a person or persons acting as a group and would, at any time, be in excess of the Ownership Limit will be “Excess Shares.” At the discretion of the Board of Directors, all Excess Shares may be redeemed by us. We will provide written notice of redemption to the holder of the Excess Shares not less than one week prior to the redemption date (the “Redemption Date”) determined by the Board of Directors and included in the notice of redemption. The redemption price to be paid for Excess Shares will be equal to (a) the closing price of those shares on the principal national securities exchange on which the shares are listed or admitted to trading on the last business day prior to the Redemption Date, or (b) if the shares are not so listed or admitted to trading, the closing bid

price on the last business day prior to the Redemption Date as reported on the NASD System, if quoted thereon, or (c) if the redemption price is not determinable in accordance with either clause (a) or (b) of this sentence, the net asset value of the shares determined in good faith by the Board of Directors and in accordance with the Virginia Stock Corporation Act. From and after the Redemption Date, the holder of any shares of our capital stock called for redemption will cease to be entitled to any distributions and other benefits with respect to those shares, except the right to payment of the redemption price.

In addition, whenever our Board of Directors deems it to be prudent in avoiding (i) the imposition of a Penalty Tax on us (including the imposition of an entity-level tax on one or more REMICs in which we have acquired or plan to acquire an interest) or (ii) the endangerment of the tax status of one or more REMICs in which we have acquired or plan to acquire an interest, we may redeem shares of our capital stock in the manner described in the foregoing paragraph.

Whenever our Board of Directors deems it to be prudent in protecting our tax status, the Board of Directors may require to be filed with us a statement or affidavit from each proposed transferee of shares of our capital stock setting forth the number of such shares already owned by the transferee and any related person(s). Any contract for the sale or other transfer of shares of our capital stock will be subject to this provision. Prior to any transfer or transaction which would cause a shareholder to own, directly or indirectly, shares in excess of the Ownership Limit, and in any event upon demand of our Board of Directors, such shareholder must file with us an affidavit setting forth the number of shares of our capital stock of the Corporation owned by it directly or indirectly, including both constructive and beneficial ownership. The affidavit must set forth all information required to be reported in returns filed by shareholders under Treasury Regulation § 1.857-9 issued under the Code or similar provisions of any successor regulation, and in reports to be filed under Section 13(d), or any successor rule thereto, of the Exchange Act. The affidavit must be filed with us within ten days after demand therefor and at least fifteen days prior to any transfer or transaction which, if consummated, would cause the filing person to hold a number of shares of our capital stock in excess of the Ownership Limit. The Board of Directors has the right, but is not required, to refuse to transfer any shares of our capital stock purportedly transferred if, as a result of the proposed transfer, any person or persons acting as a group would hold or be deemed to hold Excess Shares.

In addition, whenever our Board of Directors deems it to be prudent in avoiding (i) the imposition of a Penalty Tax on us (including the imposition of an entity-level tax on one or more REMICs in which we have acquired or plan to acquire an interest) or (ii) the endangerment of the tax status of one or more REMICs in which we have acquired or plan to acquire an interest, the Board of Directors may require to be filed with us a statement or affidavit from any holder or proposed transferee of our capital stock stating whether the holder or proposed transferee is a tax-exempt organization or a pass-through entity. Any contract for the sale or other transfer of shares of our capital stock of the Corporation will be subject to this provision. The Board of Directors has the right, but is not required, to refuse to transfer any shares of our capital stock purportedly transferred, if either (a) a statement or affidavit requested as described in this paragraph has not been received, or (b) the proposed transferee is a tax-exempt organization or pass-through entity.

Our Board of Directors may take any and all other action as it in its sole discretion deems necessary or advisable to protect us and the interests of our shareholders by (i) maintaining our eligibility to be, and preserving our status as, a REIT, (ii) avoiding the imposition of a Penalty Tax and (iii) avoiding the endangerment of the tax status of one or more REMICs in which we have acquired or plan to acquire an interest. The Board of Directors in its discretion may exempt from the Ownership Limit and from the affidavit filing requirements described above ownership or transfers of certain designated shares of our capital stock while owned by or transferred to a person who has provided the Board of Directors with acceptable evidence and assurances that our REIT status would not be jeopardized thereby. The Ownership Limit will not apply to the acquisition of shares of our capital stock by an underwriter in a public offering of those shares or in any transaction involving the issuance of shares of capital stock by us in which the Board of Directors determines that the underwriter or other person initially acquiring those shares will timely distribute those shares to or among others so that, following such distribution, none of those shares will be deemed to be Excess Shares.

The provisions described above may inhibit market activity, and may delay, defer or prevent a change in control or other transaction and the resulting opportunity for the holders of our capital stock to receive a premium for their shares that might otherwise exist in the absence of such provisions. Such provisions also may make us an unsuitable investment vehicle for any person seeking to obtain ownership of more than 9.8% of the outstanding shares of our capital stock. None of the provisions of our articles of incorporation may preclude settlement of any transaction entered into or through the facilities of the New York Stock Exchange or any other exchange on which our common stock may be listed from time to time.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare Shareowner Services. The transfer agent and registrar for any other class or series of stock that we may issue will be identified in the applicable prospectus supplement.

DESCRIPTION OF OUR COMMON STOCK

The following description of our common stock sets forth certain general terms and provisions of our common stock to which any prospectus supplement may relate, including a prospectus supplement providing that common stock will be issuable upon conversion or exchange of our debt securities or preferred stock or upon the exercise of warrants to purchase our common stock.

All shares of our common stock covered by this prospectus will be duly authorized, fully paid and nonassessable. Subject to the preferential rights of any other class or series of stock and to the provisions of the articles of incorporation regarding the restrictions on transfer of stock, holders of shares of our common stock are entitled to receive dividends on such stock when, as and if authorized by our Board of Directors out of funds legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our shareholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all known debts and liabilities of our company, including the preferential rights on dissolution of any class or classes of preferred stock.

Subject to the provisions of our articles of incorporation regarding the restrictions on transfer of stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of directors and, except as provided with respect to any other class or series of stock, the holders of such shares will possess the exclusive voting power. There is no cumulative voting in the election of our Board of Directors, which means that the holders of a plurality of the outstanding shares of our common stock can elect all of the directors then standing for election and the holders of the remaining shares will not be able to elect any directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any securities of our company. Subject to the provisions of the articles of incorporation regarding the restrictions on ownership and transfer of stock, shares of our common stock will have equal dividend, liquidation and other rights.

Under the Virginia Stock Corporation Act, a Virginia corporation generally cannot dissolve, amend its articles of incorporation, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of more than two-thirds of all votes entitled to be cast on the matter, unless a greater or lesser proportion of votes (but not less than a majority of all votes cast) is specified in the articles of incorporation. Our articles of incorporation provide that, except as otherwise required or authorized by the Virginia Stock Corporation Act or our articles of incorporation, the vote required to approve an amendment or restatement of the articles of incorporation will be a majority of all votes entitled to be cast by each voting group entitled to vote on the amendment, other than in the case of an amendment or restatement that amends or affects: (i) the shareholder vote required by the Virginia Stock Corporation Act to approve a merger, share exchange, sale of all or substantially all of our assets or our dissolution, or (ii) the provisions addressing the ownership of Excess Shares in the articles of incorporation.

DESCRIPTION OF OUR PREFERRED STOCK

The prospectus supplement relating to any series of preferred stock offered by that supplement will describe the specific terms of those securities, including where applicable:

- the title and stated value of that preferred stock;
- the number of shares of that preferred stock offered, the liquidation preference per share and the offering price of that preferred stock;
- the dividend rate(s), period(s) and payment date(s) or method(s) of calculation thereof applicable to that preferred stock;
- whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends on that preferred stock will accumulate;
- the voting rights applicable to that preferred stock;
- the procedures for any auction and remarketing, if any, for that preferred stock;
- the provisions for a sinking fund, if any, for that preferred stock;
- the provisions for redemption including any restriction thereon, if applicable, of that preferred stock;

- any listing of that preferred stock on any securities exchange;
- the terms and conditions, if applicable, upon which that preferred stock will be convertible into other securities of ours, including the conversion price (or manner of calculation of the conversion price) and conversion period;
- a discussion of any material U.S. federal income tax considerations applicable to that preferred stock;
- any limitations on issuance of any series of preferred stock ranking senior to or on a parity with that series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;
- in addition to those limitations described above under “Description of Our Capital Stock—Restrictions on Ownership and Transfer,” any other limitations on actual and constructive ownership and restrictions on transfer, in each case as may be appropriate to preserve our status as a REIT; and
- any other specific terms, preferences, rights, limitations or restrictions of that preferred stock.

Rank Within Our Capital Structure

Unless otherwise specified in the applicable prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our affairs rank:

- senior to all classes or series of common stock and to all equity securities ranking junior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs;
- on a parity with all equity securities issued by us the terms of which specifically provide that those equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs; and
- junior to all equity securities issued by us the terms of which specifically provide that those equity securities rank senior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs.

The term “equity securities” does not include convertible debt securities.

Dividends

Subject to the preferential rights of any other class or series of stock and to the provisions of the articles of incorporation regarding the restrictions on transfer of stock, holders of shares of our preferred stock will be entitled to receive dividends on such stock when, as and if authorized by our Board of Directors out of funds legally available therefor and declared by us, at rates and on dates as will be set forth in the applicable prospectus supplement.

Dividends on any series or class of our preferred stock may be cumulative or noncumulative, as provided in the applicable prospectus supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable prospectus supplement. If our Board of Directors fails to authorize a dividend payable on a dividend payment date on any series or class of preferred stock for which dividends are noncumulative, then the holders of that series or class of preferred stock will have no right to receive a dividend in respect of the dividend period ending on that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on such series or class are declared or paid for any future period.

If any shares of preferred stock of any series or class are outstanding, no dividends may be authorized or paid or set apart for payment on the preferred stock of any other series or class ranking, as to dividends, on a parity with or junior to the preferred stock of that series or class for any period unless:

- the series or class of preferred stock has a cumulative dividend, and full cumulative dividends have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for payment on the preferred stock of that series or class for all past dividend periods and the then current dividend period; or
- the series or class of preferred stock does not have a cumulative dividend, and full dividends for the then current dividend period have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for the payment on the preferred stock of that series or class.

When dividends are not paid in full (or a sum sufficient for the full payment is not set apart) upon the shares of preferred stock of any series or class and the shares of any other series or class of preferred stock ranking on a parity as to dividends with the preferred stock of that series or class, then all dividends authorized on shares of preferred stock of that series or class and any other series or class of preferred stock ranking on a parity as to dividends with that preferred stock will be authorized pro rata so that the amount of dividends authorized per share on the preferred stock of that series or class and other series or class of preferred stock will in all cases bear to each other the same ratio that accrued dividends per share on the shares of preferred stock of that series or class (which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend) and that other series or class of preferred stock bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on preferred stock of that series or class that may be in arrears.

Redemption

We may have the right or may be required to redeem one or more series of preferred stock, in whole or in part, in each case upon the terms, if any, and at the time and at the redemption prices set forth in the applicable prospectus supplement.

If a series of preferred stock is subject to mandatory redemption, we will specify in the applicable prospectus supplement the number of shares we are required to redeem, when those redemptions start, the redemption price, and any other terms and conditions affecting the redemption. The redemption price will include all accrued and unpaid dividends, except in the case of noncumulative preferred stock. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series or class is payable only from the net proceeds of the issuance of our stock, the terms of that preferred stock may provide that, if no such stock will have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, that preferred stock will automatically and mandatorily be converted into shares of our applicable stock pursuant to conversion provisions specified in the applicable prospectus supplement.

Liquidation Preference

Upon any voluntary or involuntary liquidation or dissolution of us or winding up of our affairs, then before any distribution or payment will be made to the holders of common stock or any other series or class of stock ranking junior to any series or class of the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of our affairs, the holders of that series or class of preferred stock will be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable prospectus supplement), plus an amount equal to all dividends accrued and unpaid on the preferred stock (which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred stock will have no right or claim to any of our remaining assets.

If, upon any voluntary or involuntary liquidation, dissolution or winding up, the legally available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of any series or class of preferred stock and the corresponding amounts payable on all shares of other classes or series of our stock of ranking on a parity with that series or class of preferred stock in the distribution of assets upon liquidation, dissolution or winding up, then the holders of that series or class of preferred stock and all other classes or series of capital stock ranking on a parity as to liquidating distributions will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions have been made in full to all holders of any series or class of preferred stock, our remaining assets will be distributed among the holders of any other classes or series of stock ranking junior to that series or class of preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For these purposes, the consolidation or merger of us with or into any other entity, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

Voting Rights

Holders of preferred stock will not have any voting rights, except as indicated in the applicable prospectus supplement.

Conversion Rights

The terms and conditions, if any, upon which shares of any series or class of preferred stock are convertible into shares of common stock or other securities of ours will be set forth in the applicable prospectus supplement. The terms will include, where applicable:

- the number or value of shares of common stock or other securities of ours into which the preferred stock is convertible;
- the conversion price (or manner of calculation of the conversion price);
- the conversion period;
- provisions as to whether conversion will be at the option of the holders of the preferred stock or us;
- the events requiring an adjustment of the conversion price; and
- provisions affecting conversion in the event of the redemption of the preferred stock.

See our registration statement on Form 8-A filed pursuant to Section 12(b) of the Exchange Act on April 17, 2013 for a description of our Series B Preferred Stock, which description is incorporated by reference herein.

DESCRIPTION OF OUR DEBT SECURITIES

The following description, together with the additional information we include in any applicable prospectus supplements, summarizes the material terms and provisions of the debt securities that we may offer under this prospectus. Although the terms we have summarized below will apply generally to any future debt securities we may offer, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement. The terms of any debt securities we offer under that prospectus supplement may differ from the terms we describe below, and the terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

The debt securities will be our direct unsecured general obligations and may include debentures, notes, bonds or other evidences of indebtedness. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under one or more separate indentures. Senior debt securities will be issued under a senior indenture, and subordinated debt securities will be issued under a subordinated indenture. We use the term “indentures” to refer to both the senior indenture and the subordinated indenture. The indentures will be qualified under the Trust Indenture Act of 1939, as amended. We use the term “trustee” to refer to either the senior trustee or the subordinated trustee, as applicable.

The following summaries of material provisions of the debt securities are subject to, and qualified in their entirety by reference to, all the provisions of the indenture applicable to a particular series of debt securities.

General

The prospectus supplement relating to a particular series of debt securities will describe the terms of those debt securities, including, where applicable:

- the title;
- any limit on the amount that may be issued;
- whether or not we will issue the series of debt securities in global form and who the depository will be;

-
- the maturity date;
 - the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;
 - the terms of the subordination of any series of subordinated debt;
 - the place where payments will be payable;
 - our right, if any, to defer payment of interest and the maximum length of any such deferral period;
 - the date, if any, after which, and the price at which, we may, at our option, redeem the series of debt securities pursuant to any optional redemption provisions;
 - the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of debt securities;
 - whether the indenture will restrict our ability to pay dividends, or will require us to maintain any asset ratios or reserves;
 - whether we will be restricted from incurring any additional indebtedness;
 - discussion of any material U.S. federal income tax considerations applicable to the debt securities;
 - the denominations in which we will issue the series of debt securities, if other than denominations of \$1,000 and any integral multiple thereof; and
 - any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities.

Conversion or Exchange Rights

We will set forth in the prospectus supplement the terms on which a series of debt securities may be convertible into or exchangeable for shares of common stock or other securities of ours. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of common stock or other securities of ours that the holders of the series of debt securities receive would be subject to adjustment.

Consolidation, Merger or Sale

We will set forth in the prospectus supplement the covenant, if any, that restrict our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets.

Events of Default Under an Indenture

We will set forth in the prospectus supplement a description of the events of default under any indenture with respect to a series of debt securities that we may issue.

Discharge

Each indenture will describe the circumstances under which we can elect to be discharged from our obligations with respect to a series of debt securities.

Form, Exchange and Transfer

We will issue the debt securities of each series only in fully registered form without coupons and, unless we otherwise specify in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. We may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, we will make no service charge for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we elect to redeem the debt securities of any series, we will not be required to:

- issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or
- register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

Information Concerning the Trustee

The trustee, other than during the occurrence and continuance of an event of default under an indenture, will undertake to perform only those duties as are specifically set forth in the applicable indenture. Upon an event of default under an indenture, the trustee will be obligated to use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, a trustee will be under no obligation to exercise any of the powers given it by an indenture at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur.

Payment and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of and any premium and interest on the debt securities of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check which we will mail to the holder. Unless we otherwise indicate in a prospectus supplement, we will designate the corporate trust office of the trustee in the City of New York as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series. We will maintain a paying agent in each place of payment for the debt securities of a particular series.

All money we pay to a paying agent or the trustee for the payment of the principal of or any premium or interest on any debt securities which remains unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

DESCRIPTION OF OUR WARRANTS

This section describes the general terms and provisions of our warrants. The applicable prospectus supplement will describe the specific terms of the warrants offered through that prospectus supplement as well as any general terms described in this section that will not apply to those warrants. The terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

We may issue warrants for the purchase of our debt securities, preferred stock, or common stock. We may issue warrants independently or together with other securities offered by this prospectus and any accompanying prospectus supplement, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with you.

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants, including, where applicable:

- the aggregate number of the securities covered by the warrant;
- the designation, amount and terms of the securities purchasable upon exercise of the warrant;
- the exercise price for our debt securities, the amount of debt securities upon exercise you will receive, and a description of that series of debt securities;
- the exercise price for shares of our preferred stock, the number of shares of preferred stock to be received upon exercise, and a description of that series of our preferred stock;
- the exercise price for shares of our common stock and the number of shares of common stock to be received upon exercise;
- the expiration date for exercising the warrant;
- the minimum or maximum amount of warrants that may be exercised at any time;
- a discussion of any material U.S. federal income tax consequences applicable to the warrants; and
- any other material terms of the warrants.

After the warrants expire they will become void. The prospectus supplement will describe how to exercise warrants. A holder must exercise warrants through payment in U.S. dollars. All warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the warrants.

Until a holder exercises warrants to purchase our debt securities, preferred stock, or common stock, that holder will not have any rights as a holder of our debt securities, preferred stock, or common stock by virtue of ownership of warrants.

DESCRIPTION OF OUR SHAREHOLDER RIGHTS

This section describes the general terms and provisions of the rights to purchase certain of our securities that we may issue to holders of our securities by this prospectus. The applicable prospectus supplement will describe the specific terms of the rights offered through that prospectus supplement. The terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

We may issue, as a dividend at no cost, to holders of record of our securities or any class or series thereof on the applicable record date, rights to purchase shares of our common stock or preferred stock, to purchase warrants exercisable for shares of our common stock or preferred stock, or to purchase units consisting of two or more of the foregoing. In this prospectus, we refer to such rights as “shareholder rights.” If shareholder rights are so issued to existing holders of securities, each shareholder right will entitle the holder of record thereof to purchase the securities issuable upon exercise of the rights pursuant to the terms set forth in the applicable prospectus supplement.

The prospectus supplement relating to a particular issuance of shareholder rights will describe the terms of those shareholder rights, including, where applicable:

- record date;
- subscription price;
- subscription agent;
- aggregate number of shares of common stock, shares of preferred stock, warrants, or units purchasable upon exercise of such shareholder rights and in the case of shareholder rights for preferred stock or warrants exercisable for preferred stock, the designation, aggregate number, and terms of the class or series of preferred stock purchasable upon exercise of such shareholder rights or warrants;
- the date on which the right to exercise such shareholder rights will commence and the expiration date on which such right will expire;

-
- a discussion of any material U.S. federal income tax considerations applicable to the shareholder rights; and
 - other material terms of such shareholder rights.

In addition to the terms of the shareholder rights and the securities issuable upon exercise thereof, the prospectus supplement may describe, for a holder of such shareholder rights who validly exercises all shareholder rights issued to such holder, how to subscribe for unsubscribed securities, issuable pursuant to unexercised shareholder rights issued to other holders, to the extent such shareholder rights have not been exercised.

Holders of shareholder rights will not be entitled by virtue of being such holders, to vote, to consent, to receive dividends, to receive notice with respect to any meeting of shareholders for the election of our directors or any other matter, or to exercise any rights whatsoever as shareholders of our company, except to the extent described in the related prospectus supplement.

DESCRIPTION OF OUR UNITS

We may issue units consisting of two or more other constituent securities. These units may be issuable as, and for a specified period of time may only be transferable as, a single security, rather than as the separate constituent securities comprising such units. The statements made in this section relating to the units are summaries only. These summaries are not complete. When we offer units, we will provide the specific terms of the units in a prospectus supplement. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

The prospectus supplement relating to a particular offering of units will describe the terms of those units, including, where applicable:

- the title of any series of units;
- identification and description of the separate constituent securities comprising the units;
- the price or prices at which the units will be issued;
- the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
- information with respect to any book-entry procedures;
- a discussion of any material U.S. federal income tax consequences applicable to an investment in the units; and
- any other terms of the units and their constituent securities.

BOOK-ENTRY SECURITIES

The securities offered by means of this prospectus may be issued in whole or in part in book-entry form, meaning that beneficial owners of the securities will not receive certificates representing their ownership interests in the securities, except in the event the book-entry system for the securities is discontinued. Securities issued in book-entry form will be evidenced by one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the securities. We expect that The Depository Trust Company will serve as depository. Unless and until a global security is exchanged in whole or in part for the individual securities represented by that security, a global security may not be transferred except as a whole by the depository for the global security to a nominee of that depository or by a nominee of that depository to that depository or another nominee of that depository or by the depository or any nominee of that depository to a successor depository or a nominee of that successor. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a class or series of securities that differ from the terms described here will be described in the applicable prospectus supplement.

Unless otherwise indicated in the applicable prospectus supplement, we anticipate that the provisions described below will apply to depository arrangements.

Upon the issuance of a global security, the depository for the global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual securities represented by that global security to the accounts of persons that have accounts with such depository, who are called “participants.” Those accounts will be designated by the underwriters, dealers or agents with respect to the securities or by us if the securities are offered and sold

directly by us. Ownership of beneficial interests in a global security will be limited to the depository's participants or persons that may hold interests through those participants. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through records maintained by the applicable depository or its nominee (with respect to beneficial interests of participants) and records of the participants (with respect to beneficial interests of persons who hold through participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. These limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, that depository or nominee, as the case may be, will be considered the sole owner or holder of the securities represented by that global security for all purposes under the applicable indenture or other instrument defining the rights of a holder of the securities. Except as provided below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any such securities in definitive form and will not be considered the owners or holders of that security under the applicable indenture or other instrument defining the rights of the holders of the securities.

Payments of amounts payable with respect to individual securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing those securities. None of us, our officers and directors or any trustee, paying agent or security registrar for an individual series of securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such securities or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for a series of securities offered by means of this prospectus or its nominee, upon receipt of any payment of principal, premium, interest, dividend or other amount in respect of a permanent global security representing any of those securities, will immediately credit its participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security for those securities as shown on the records of that depository or its nominee. We also expect that payments by participants to owners of beneficial interests in that global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name." Those payments will be the responsibility of these participants.

If a depository for a series of securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by us within 90 days, we will issue individual securities of that series in exchange for the global security representing that series of securities. In addition, we may, at any time and in our sole discretion, subject to any limitations described in the applicable prospectus supplement relating to those securities, determine not to have any securities of that series represented by one or more global securities and, in that event, will issue individual securities of that series in exchange for the global security or securities representing that series of securities.

MATERIAL PROVISIONS OF VIRGINIA LAW AND OF OUR ARTICLES OF INCORPORATION AND BYLAWS

The following is a summary of certain provisions of Virginia law and of our articles of incorporation and bylaws. Copies of our articles of incorporation and bylaws are filed as exhibits to the registration statement of which this prospectus is a part. See "Where You Can Find More Information."

The Board of Directors

Our bylaws provide that the Board of Directors will consist of five directors, subject to automatic increase in certain limited circumstances as provided by the terms of our Series A Preferred Stock and Series B Preferred Stock and as described below. Our bylaws also provide that the number of directors of our company may be increased or decreased from time to time by our Board of Directors but may not be fewer than three nor more than 15. A majority of the directors are required to be "Independent Directors." An "Independent Director" means a director of our company who meets the independence requirements under the rules and regulations of the stock exchange upon which our common stock is then listed and the SEC, as then in effect and applicable to our company. When the chairman of the Board of Directors is not an Independent Director, a lead Independent Director will be appointed by majority vote of the Independent Directors.

Except as described below, any vacancy on our Board of Directors may be filled at any annual or special meeting called for that purpose by our shareholders or at any regular meeting or any special meeting called for that purpose by a majority of the remaining directors. Directors elected by our Board to fill a vacancy will be elected to hold office until the next annual meeting of shareholders or until a successor is elected and qualified.

Pursuant to our bylaws, all members of our Board of Directors will serve until the next annual meeting of shareholders or until their successors are elected and qualified. Holders of shares of our common stock will have no right to cumulative voting in the election of directors. Consequently, at each annual meeting of shareholders at which our Board of Directors is elected, the holders of a plurality of the outstanding shares of our common stock will be able to elect all of the members of our Board of Directors, other than directors, if any, entitled to be elected by holders of our preferred stock.

If dividends on any shares of our Series A Preferred Stock or Series B Preferred Stock are in arrears for six or more quarterly dividend periods, whether or not consecutive, the number of directors constituting our Board of Directors will automatically increase by two (if not already increased by two by reason of the election of directors by the holders of either Series A Preferred Stock or Series B Preferred Stock, or the holders of any other class or series of our preferred stock we may issue upon which similar voting rights have been conferred and that is entitled to vote as a class with respect to the election of those two directors with the holders of the Series A Preferred Stock and the Series B Preferred Stock (such preferred stock, “Additional Preferred Stock”)). The holders of our Series A Preferred Stock and Series B Preferred Stock (together with holders of any Additional Preferred Stock) will be entitled to vote for the election of those two additional directors at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of such classes or series of stock; provided, however, that if such a request is received less than 90 days before the date fixed for the next annual or special meeting of our shareholders, in which case such vote will be held at the earlier of the next annual or special meeting of shareholders. If, at any time when the voting rights conferred upon the Series A Preferred Stock and the Series B Preferred Stock (together with any holders of Additional Preferred Stock) are exercisable, any vacancy in the office of a director elected as described above may be filled only by the remaining director elected as described above or by the vote of the holders of record of the Series A Preferred Stock and the Series B Preferred Stock (together with any holders of Additional Preferred Stock).

Amendments to Our Articles of Incorporation

Our articles of incorporation provide that, except as otherwise required or authorized by the Virginia Stock Corporation Act or our articles of incorporation, the vote required to approve an amendment or restatement of the articles of incorporation will be a majority of all votes entitled to be cast by each voting group entitled to vote on the amendment, other than in the case of an amendment or restatement that amends or affects: (i) the shareholder vote required by the Virginia Stock Corporation Act to approve a merger, share exchange, sale of all or substantially all of our assets or our dissolution, or (ii) the provisions addressing the ownership of Excess Shares in the articles of incorporation.

Dissolution of Our Company

The dissolution of our company must be declared advisable by the Board of Directors and approved by the affirmative vote of the holders of more than two-thirds of all of the votes entitled to be cast on the matter, unless the Board of Directors conditions dissolution of our company on a higher shareholder vote.

Advance Notice of Director Nominations and New Business

Our bylaws provide that:

- with respect to an annual meeting of shareholders, the only business to be considered and the only proposals to be acted upon will be those properly brought before the annual meeting:
 - by, or at the direction of, our Board of Directors; or
 - by a shareholder who is entitled to vote at the meeting and has complied with the advance notice provisions set forth in our bylaws;
- with respect to special meetings of shareholders, only the business specified in our notice of the meeting may be brought before the meeting of shareholders unless otherwise provided by law; and
- nominations of persons for election to our Board of Directors at any annual or special meeting of shareholders may be made only:
 - by our Board of Directors or any committee thereof; or
 - by a shareholder who is entitled to vote at the meeting and has complied with the advance notice provisions for director nominations by shareholders as set forth in our bylaws.

Exclusive Forum Provision

Our bylaws provide that unless we consent in writing to the selection of an alternative forum, the United States District Court for the Eastern District of Virginia, Richmond Division, or in the event that court lacks jurisdiction to hear such action, the Circuit Court of the City of Richmond, Virginia, will be the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action for breach of duty to the company or our shareholders by any current or former director, officer or other employee or agent of the company, (iii) any action against the company or any director or officer or other employee of the company arising pursuant to any provision of the Virginia Stock Corporation Act (as it may be amended from time to time) or our articles of incorporation or our bylaws (as either may be amended from time to time), or (iv) any action against the company or any current or former director or officer or other employee or agent of the company governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring or holding any interest in shares of our capital stock shall be deemed to have notice of and consented to the forum provisions in our bylaws. It is possible that a court of law could rule that the choice of forum provision contained in our bylaws is inapplicable or unenforceable if it is challenged in a proceeding or otherwise.

Anti-Takeover Effect of Certain Provisions of Virginia Law and of Our Articles of Incorporation and Bylaws

Affiliated Transactions. The Virginia Stock Corporation Act limits “affiliated transactions” between a corporation and an “interested shareholder” for three years after the date on which the interested shareholder became an interested shareholder, except in compliance with the Virginia Stock Corporation Act. These affiliated transactions include a merger, statutory share exchange, dissolution, or, in circumstances specified in the statute, certain transfers of assets, certain stock issuances and transfers and reclassifications involving interested shareholders. Virginia law defines an interested shareholder as:

- any person who beneficially owns more than 10% of any class of our outstanding voting shares (defined as shares of a class that is entitled to vote generally in the election of directors, and thus consisting of our common stock); or
- an affiliate or associate of the corporation who, at any time within the three-year period prior to the date in question, was the beneficial owner of more than 10% of any class of our then-outstanding voting shares.

The Virginia Stock Corporation Act provides that no corporation may engage in any affiliated transaction with any interested shareholder for a period of three years following the date on which an interested shareholder becomes an interested shareholder, unless (1) a majority of the disinterested directors approved in advance the transaction through which the shareholder became an interested shareholder, or (2) after the shareholder became an interested shareholder, the affiliated transaction is approved by the affirmative vote of a majority (but not less than two) of the disinterested directors and by the affirmative vote of the holders of two-thirds of the voting shares other than shares beneficially owned by the interested shareholder.

The statute permits various exemptions from its provisions, including for affiliated transactions entered into with an interested shareholder after the three-year period that are approved by a majority of disinterested directors or are approved by the affirmative vote of the holders of two-thirds of the voting shares other than shares beneficially owned by the interested shareholders, and affiliated transactions where the consideration will be paid to the holders of each class or series of voting shares and certain other statutory fair price conditions are met.

Control Share Acquisitions. The Virginia Stock Corporation Act provides that shares of a Virginia corporation acquired in a “control share acquisition” have no voting rights except to the extent approved by the affirmative vote of the holders of a majority of the voting shares entitled to vote on the matter, excluding “interested shares” of stock in a corporation in respect of which any of the following persons is entitled to exercise or direct the exercise of the voting power: (i) an acquiring person with respect to a control share acquisition; (ii) any officer of such corporation; or (iii) any employee of such corporation who is also a director of the corporation. A “control share acquisition” means the acquisition of shares by a person that when added to all other shares owned by such person would cause such person to become entitled, immediately upon acquisition of such shares, to vote or direct the vote of, shares having voting power within any of the following ranges of the votes entitled to be cast in an election of directors (i) one-fifth or more but less than one-third of such votes; (ii) one-third or more but less than a majority of such votes; or (iii) a majority or more of such votes.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses), may compel our Board of Directors to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any shareholders meeting.

If voting rights for control shares are approved at a shareholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other shareholders may be entitled to exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction.

Bylaws. The advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for holders of our common stock or otherwise be in their best interest.

Indemnification and Limitation of Directors' and Officers' Liability

The Virginia Stock Corporation Act and our articles of incorporation provide for indemnification of our directors and officers in a variety of circumstances, which may include liabilities under the Securities Act. Our articles of incorporation require indemnification of directors and officers with respect to certain liabilities, expenses, and other amounts imposed on them by reason of having been a director or officer, except in the case of willful misconduct or a knowing violation of criminal law. We also carry insurance on behalf of directors, officers, employees or agents which may cover liabilities under the Securities Act.

Under the Virginia Stock Corporation Act, a Virginia corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, the Virginia Stock Corporation Act permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

- a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the company; and
- a written undertaking by the director or on the director's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director did not meet the standard of conduct.

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

As permitted by the Virginia Stock Corporation Act, our articles of incorporation limit the liability our directors and officers in any proceeding brought by a shareholder (brought either in the right of the company, or by or on behalf of our shareholders), except for liability resulting from the director's or officer's willful misconduct or knowing violation of criminal law or any federal or state securities law.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the material U.S. federal income tax considerations that may be relevant to a prospective holder of our common stock. The prospectus supplement relating to a particular offering of securities other than our common stock will include a summary of the material U.S. federal income tax considerations, if any, that may be relevant to a prospective holder of the securities then being offered.

This summary is for general information only, and does not purport to address all aspects of U.S. federal income taxation that may be relevant to particular investors in light of their personal investment or tax circumstances, or to certain types of investors that are subject to special treatment under the U.S. federal income tax laws, such as insurance companies, financial institutions or broker-dealers, foreign corporations and persons who are not citizens or residents of the United States (except to the limited extent discussed in "— Taxation of Non-U.S. Holders"), investors who hold or will hold securities as part of hedging or conversion transactions or other integrated investment, investors subject to federal alternative minimum tax, investors who acquired their interest as compensation for services, investors holding their interest through a partnership or other pass-through entities, investors that have a principal place of business or "tax home" outside the United States and investors whose functional currency is not the U.S. dollar. This summary assumes that shareholders will hold our capital stock as capital assets. In addition, except to the extent specifically described herein, this summary does not address the impact of state and local taxes, the estate tax or the alternative minimum tax.

The statements of law in this discussion are based on the Internal Revenue Code of 1986, as amended (the “Code”), existing temporary, proposed and final Treasury regulations promulgated thereunder, current administrative interpretations, practices and rulings, and judicial decisions, all as currently in effect and available as of the date of this prospectus and all of which are subject to differing interpretations. In addition, no assurance can be given that future legislative, judicial, or administrative actions or decisions, which may be retroactive in effect, will not affect the accuracy of any statements in this prospectus with respect to the transactions entered into or contemplated prior to the effective date of such changes. No assurance can be given that the Internal Revenue Service (the “IRS”) would not assert, or that a court of competent jurisdiction would not sustain, a position contrary to any tax consequences described below, and no rulings are being or will be requested from the IRS with respect to any of the matters discussed herein.

We urge you to consult your own tax advisor regarding the specific tax consequences to you of ownership of our securities and of our election to be taxed as a REIT. Specifically, we urge you to consult your own tax advisor regarding the federal, state, local, foreign, and other tax consequences of such ownership and election and regarding potential changes in applicable tax laws.

Taxation of Our Company

We have elected to be taxed as a REIT under the U.S. federal income tax laws. We believe that, since such election, we have been and are organized and operated in such a manner as to qualify for taxation as a REIT under the Code, and we intend to continue to operate in such a manner, but no assurance can be given that we will operate in a manner so as to continue to qualify as a REIT. This section discusses the laws governing the U.S. federal income tax treatment of a REIT and its investors. These laws are highly technical and complex.

We have received an opinion of Troutman Sanders LLP to the effect that, for our 2015 and 2016 taxable years, we have been organized and operated in conformity with the requirements for qualification and taxation as a REIT under the Code, and our proposed method of operation will enable us to meet the requirements for qualification and taxation as a REIT under the Code for our 2017 taxable year and subsequent taxable years. We emphasize that the opinion of Troutman Sanders LLP is based on various assumptions relating to our organization and operation, including that all factual representations and statements set forth in all relevant documents, records and instruments are true and correct, all actions described in this prospectus are completed in a timely fashion and that we will at all times operate in accordance with the method of operation described in our organizational documents and this prospectus. Investors should be aware that Troutman Sanders LLP’s opinion is based upon customary assumptions, is conditioned upon the accuracy of certain representations made by us as to factual matters, including representations regarding the nature of our assets and the future conduct of our business, and is not binding upon the IRS or any court. In addition, Troutman Sanders LLP’s opinion is based on existing U.S. federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our continued qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the U.S. federal tax laws. Those qualification tests include the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our share ownership, and the percentage of our earnings that we distribute. While Troutman Sanders LLP reviewed those matters in connection with rendering the foregoing opinion, Troutman Sanders LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that the actual results of our operation for any particular taxable year will satisfy such requirements. For a discussion of the tax consequences of our failure to qualify as a REIT, see “— Failure to Qualify.”

If we qualify as a REIT, we generally will not be subject to U.S. federal income tax on the taxable income that we distribute to our shareholders. The benefit of that tax treatment is that it avoids the “double taxation,” or taxation at both the corporate and shareholder levels, that generally results from owning stock in a corporation. However, we will be subject to U.S. federal tax in the following circumstances:

- We will pay U.S. federal income tax at regular corporate rates on taxable income, including net capital gain, that we do not distribute to our shareholders during, or within a specified time period after, the calendar year in which the income is earned, to the extent we cannot otherwise offset such income with our tax NOL carryforward (if any).
- Under certain circumstances, we may be subject to the “alternative minimum tax” on items of tax preference.
- We will pay income tax at the highest corporate rate on (1) net income from the sale or other disposition of property acquired through foreclosure (“foreclosure property”) that we hold primarily for sale to customers in the ordinary course of business and (2) other non-qualifying income from foreclosure property.

- We will pay a 100% tax on net income from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.
- If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under “—Gross Income Tests,” and nonetheless continue to qualify as a REIT because we meet other requirements, we will pay a 100% tax on an amount equal to (1) the gross income attributable to the greater of the amounts by which we fail the 75% and 95% gross income tests, multiplied by (2) a fraction intended to reflect our profitability.
- After consideration of our loss carryforwards, if we fail to distribute during a calendar year at least the sum of (1) 85% of our REIT ordinary income for such year, (2) 95% of our REIT capital gain net income for such year, and (3) any undistributed taxable income from prior periods, we will pay a 4% excise tax on the excess of this required distribution over the sum of the amount we actually distributed, plus any retained amounts on which income tax has been paid at the corporate level.
- We may elect to retain and pay income tax on our net long-term capital gain. In that case a U.S. holder, as defined below under “—Taxation of U.S. Holders,” would be taxed on its proportionate share of our undistributed long-term capital gain (to the extent that a timely designation of such gain is made by us to the shareholder) and would receive a credit or refund for its proportionate share of the tax we paid.
- If we acquire any asset from a C corporation, or a corporation that generally is subject to full corporate-level tax, in a merger or other transaction in which we acquire a basis in the asset that is determined by reference to the C corporation’s basis in the asset, we will pay tax at the highest regular corporate rate applicable if we recognize gain on the sale or disposition of such asset during the five-year period after we acquire such asset. The amount of gain on which we will pay tax generally is the lesser of (1) the amount of gain that we recognize at the time of the sale or disposition or (2) the amount of gain that we would have recognized if we had sold the asset at the time we acquired the asset.
- We will incur a 100% excise tax on transactions with a taxable REIT subsidiary (“TRS”) that are not conducted on an arm’s-length basis.
- If we fail to satisfy certain asset tests due to reasonable cause, described below under “—Asset Tests” and nonetheless continue to qualify as a REIT because we meet certain other requirements, we will be subject to a tax of the greater of \$50,000 or at the highest corporate rate on the net income generated by the non-qualifying assets.
- We may be subject to a \$50,000 tax for each failure if we fail to satisfy certain REIT qualification requirements, other than income tests or asset tests, and the failure is due to reasonable cause and not willful neglect.
- If we recognize “excess inclusion income” and have shareholders who are “disqualified organizations,” we may have to pay tax at the highest corporate rate on the portion of the excess inclusion income allocable to the shareholders that are disqualified organizations. See “—Taxable Mortgage Pools” below.
- We may be required to pay monetary penalties to the IRS in certain circumstances, including if we fail to meet recordkeeping requirements intended to monitor our compliance with votes relating to the composition of our shareholders.

In addition, notwithstanding our qualification as a REIT, we may also have to pay certain state and local income taxes because not all states and localities treat REITs in the same manner as they are treated for U.S. federal income tax purposes. Moreover, as further described below, any TRS in which we own an interest will be subject to U.S. federal and state corporate income tax on its taxable income.

Requirements for Qualification

A REIT is a corporation, trust, or association that meets the following requirements:

1. it is managed by one or more trustees or directors;
2. its beneficial ownership is evidenced by transferable shares or by transferable certificates of beneficial interest;
3. it would be taxable as a domestic corporation but for the REIT provisions of the U.S. federal income tax laws;
4. it is neither a financial institution nor an insurance company subject to special provisions of the U.S. federal income tax laws;
5. at least 100 persons are beneficial owners of its shares or ownership certificate;
6. no more than 50% in value of its outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals, as defined in the U.S. federal income tax laws to include certain entities, during the last half of each taxable year;
7. it elects to be a REIT, or has made such election for a previous taxable year, which election has not been revoked or terminated, and satisfies all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;
8. it uses a calendar year for U.S. federal income tax purposes and complies with the recordkeeping requirements of the U.S. federal income tax laws; and
9. it meets certain other qualification tests, described below, regarding the nature of its income and assets and the amount of its distributions.

We must meet requirements 1 through 4 and 9 during our entire taxable year and must meet requirement 5 during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. If we comply with all the requirements for ascertaining the ownership of our outstanding shares in a taxable year and have no reason to know that we violated requirement 6, we will be deemed to have satisfied requirement 6 for such taxable year. For purposes of determining share ownership under requirement 6, an “individual” generally includes a supplemental unemployment compensation benefits plan, a private foundation, or a portion of a trust permanently set aside or used exclusively for charitable purposes. An “individual,” however, generally does not include a trust that is a qualified employee pension or profit sharing trust under the U.S. federal income tax laws, and beneficiaries of such a trust will be treated as holding shares of our stock in proportion to their actuarial interests in the trust for purposes of requirement 6.

We have issued sufficient stock with enough diversity of ownership to satisfy requirements 5 and 6 set forth above. In addition, our articles of incorporation restrict the ownership and transfer of the stock so that we should continue to satisfy requirements 5 and 6. The provisions of our charter restricting the ownership and transfer of the stock are described in “Description of Our Capital Stock—Restrictions on Ownership and Transfer.”

If we comply with regulatory rules pursuant to which we are required to send annual letters to holders of our stock requesting information regarding the actual ownership of our stock, and we do not know, or exercising reasonable diligence would not have known, whether we failed to meet requirement 6 above, we will be treated as having met the requirement.

In addition, we must satisfy all relevant filing and other administrative requirements established by the IRS to elect and maintain REIT qualification.

Effect of Subsidiary Entities

Qualified REIT Subsidiaries. A corporation that is a “qualified REIT subsidiary” is not treated as a corporation separate from its parent REIT for U.S. federal income tax purposes. All assets, liabilities, and items of income, deduction, and credit of a “qualified REIT subsidiary” are treated as assets, liabilities, and items of income, deduction, and credit of the REIT. A “qualified REIT subsidiary” is a corporation, other than a TRS, all of the capital stock of which is owned by a REIT. Thus, in applying the requirements described in this section, any qualified REIT subsidiary that we own will be ignored for U.S. federal income tax purposes, and all assets, liabilities, and items of income, deduction, and credit of that subsidiary will be treated as our assets, liabilities, and items of income, deduction, and credit.

Investments in Partnerships. In the case of a REIT that is a partner in a partnership or a member in a limited liability company treated as a partnership for U.S. federal income tax purposes, the REIT is treated as owning its proportionate share of the assets of the partnership or limited liability company and as earning its allocable share of the gross income of the entity for purposes of the applicable REIT qualification tests. The assets and gross income of the partnership or limited liability company retain the same character in the hands of the REIT. For purposes of the 10% value test (as described below under “— Asset Tests”), our proportionate share is based on our proportionate interest in the equity interests and certain debt securities issued by the partnership. For all of the other asset and income tests, our proportionate share is based on our proportionate interest in the capital interests in the partnership. Our proportionate share of the assets, liabilities, and items of income of any partnership, joint venture, or limited liability company that is treated as a partnership for U.S. federal income tax purposes in which we own or will acquire an interest, directly or indirectly, is treated as our assets and gross income for purposes of applying the various REIT qualification requirements.

Taxable REIT Subsidiaries. Subject to restrictions on the value of TRS securities held by the REIT, a REIT is permitted to own up to 100% of the stock of one or more TRSs. A TRS is a fully taxable corporation. The TRS and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will be automatically treated as a TRS. Overall, no more than 25% of the value of a REIT’s assets may consist of TRS securities.

The TRS rules limit the deductibility of interest paid or accrued by a TRS to us to assure that the TRS is subject to an appropriate level of corporate taxation. Further, the rules impose a 100% excise tax on transactions between a TRS and us or our tenants, if any, that are not conducted on an arm’s-length basis.

We have formed and made a timely election with respect to one TRS presently owned. Additionally, we may form or acquire additional TRSs in the future.

Gross Income Tests

We must satisfy two gross income tests annually to maintain our qualification as a REIT.

First, at least 75% of our gross income for each taxable year must consist of defined types of income that we derive, directly or indirectly, from investments relating to real property or mortgages on real property or qualified temporary investment income, excluding gross income from sales of inventory or dealer property in “prohibited transactions.” Qualifying income for purposes of that 75% gross income test generally includes:

- rents from real property;
- interest on debt secured by mortgages on real property or on interests in real property;
- dividends and gain from the sale of shares in other REITs;
- gain from the sale of real estate assets (effective for taxable years beginning after December 31, 2015, excluding gain from the sale of a debt instrument issued by a “publicly offered REIT” to the extent not secured by real property or an interest in real property); and
- income derived from the temporary investment of new capital or “qualified temporary investment income” that is attributable to the issuance of our stock or a public offering of our debt with a maturity date of at least five years and that we receive during the one year period beginning on the date on which we received such new capital.

Second, in general, at least 95% of our gross income, excluding gross income from prohibited transactions, for each taxable year must consist of income that is qualifying income for purposes of the 75% gross income test above, other types of dividends and interest, gain from the sale or disposition of stock or securities, or any combination of these; however, effective for taxable years beginning after December 31, 2015, for purposes of the 95% gross income test, gain from the sale of “real estate assets” includes gain from the sale of a debt instrument issued by a “publicly offered REIT” even if not secured by real property or an interest in real property. Gross income from our sale of property that we hold primarily for sale to customers in the ordinary course of business is excluded from both the numerator and the denominator in both income tests. Generally, income and gain from hedging transactions, as described in “—Hedging Transactions,” that we enter into to hedge indebtedness incurred or to be incurred to acquire or carry real estate assets and that are clearly and timely identified as such will not constitute gross income for purposes of the 75% and 95% gross income tests, and will therefore be excluded for purposes of these tests. The following paragraphs discuss the specific application of the gross income tests to us.

Rents from Real Property. Rent that we receive from any real property that we might own and lease to tenants will qualify as “rents from real property,” which is qualifying income for purposes of the 75% and 95% gross income tests, only if the several conditions are met, including the following:

- First, the rent must not be based, in whole or in part, on the income or profits of any person but may be based on a fixed percentage or percentages of gross receipts or gross sales.
- Second, neither we nor a direct or indirect owner of 10% or more of our shares of stock may own, actually or constructively, 10% or more of a tenant other than a TRS from whom we receive rent.
- Third, if the rent attributable to personal property leased in connection with a lease of any real property that we might own exceeds 15% of the total rent received under the lease, then the portion of rent attributable to that personal property will not qualify as “rents from real property.”
- Fourth, we generally must not operate or manage any real property or furnish or render services to tenants, other than through an “independent contractor” who is adequately compensated, from whom we do not derive revenue, and who does not, directly or through its shareholders, own more than 35% of our shares of stock, taking into consideration the applicable ownership attribution rules. However, we need not provide services through an “independent contractor,” but instead may provide services directly to any such tenants, if the services are “usually or customarily rendered” in the geographic area in connection with the rental of space for occupancy only and are not considered to be provided for the tenants’ convenience. In addition, we may provide a minimal amount of “non-customary” services to the tenants of a property, other than through an independent contractor, as long as our income from the services (valued at not less than 150% of our direct cost of performing such services) does not exceed 1% of our income from the related property. Furthermore, we may own up to 100% of the stock of a TRS which may provide customary and non-customary services to tenants without tainting our rental income from the related properties. See “—Taxable REIT Subsidiaries.”

Interest. The term “interest,” as defined for purposes of both the 75% and 95% gross income tests, generally does not include any amount received or accrued, directly or indirectly, if the determination of such amount depends in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term “interest” solely by reason of being based on a fixed percentage or percentages of receipts or sales. Furthermore, to the extent that interest from a loan that is based on the residual cash proceeds from the sale of the property securing the loan constitutes a “shared appreciation provision,” income attributable to such participation feature will be treated as gain from the sale of the secured property.

In Revenue Procedure 2003-65, the IRS established a safe harbor under which interest from loans secured by a first priority security interest in ownership interests in a partnership or limited liability company owning real property will be treated as qualifying income for both the 75% and 95% gross income tests, provided several requirements are satisfied. Although the Revenue Procedure provides a safe harbor on which taxpayers may rely, it does not prescribe rules of substantive tax law. Moreover, although we anticipate that most or all of any mezzanine loans that we make or acquire will qualify for the safe harbor in Revenue Procedure 2003-65, it is possible that we may make or acquire some mezzanine loans that do not qualify for the safe harbor.

Foreclosure Property. We will be subject to tax at the maximum U.S. federal corporate income tax rate on any income from foreclosure property, other than income that would be qualifying income for purposes of the 75% gross income test, less expenses directly connected with the production of such income. However, gross income from such foreclosure property will qualify for purposes of the 75% and 95% gross income tests. “Foreclosure property” is any real property, including interests in real property, and any personal property incident to such real property:

- that is acquired by a REIT as the result of such REIT having bid on such property at foreclosure, or having otherwise reduced such property to ownership or possession by agreement or process of law, after there was a default or default was imminent on a lease of such property or on an indebtedness that such property secured;
- for which the related loan or lease was acquired by the REIT at a time when the REIT had no intent to evict or foreclose or the REIT did not know or have reason to know that default would occur; and
- for which such REIT makes a proper election to treat such property as foreclosure property.

However, a REIT will not be considered to have foreclosed on a property where the REIT takes control of the property as a mortgagee-in-possession and cannot receive any profit or sustain any loss except as a creditor of the mortgagor. Property generally ceases to be foreclosure property with respect to a REIT at the end of the third taxable year following the taxable year in which the REIT acquired such property, or longer if an extension is granted by the Secretary of the Treasury. The foregoing grace period is terminated and foreclosure property ceases to be foreclosure property on the first day:

- on which a lease is entered into with respect to such property that, by its terms, will give rise to income that does not qualify for purposes of the 75% gross income test or any amount is received or accrued, directly or indirectly, pursuant to a lease entered into on or after such day that will give rise to income that does not qualify for purposes of the 75% gross income test;
- on which any construction takes place on such property, other than completion of a building, or any other improvement, where more than 10% of the construction of such building or other improvement was completed before default became imminent; or
- which is more than 90 days after the day on which such property was acquired by the REIT and the property is used in a trade or business which is conducted by the REIT, other than through an independent contractor from whom the REIT itself does not derive or receive any income.

As a result of the rules with respect to foreclosure property, if a lessee defaults on its obligations under a percentage lease, we terminate the lessee's leasehold interest, and we are unable to find a replacement lessee for the property within 90 days of such foreclosure, gross income from operations conducted by us from such property could cease to qualify for the 75% and 95% gross income tests unless we are able to hire an independent contractor to manage and operate the property. In such event, we might be unable to satisfy the 75% and 95% gross income tests and, thus, might fail to qualify as a REIT.

Hedging Transactions. From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase such items, and futures and forward contracts. To the extent that we enter into an interest rate swap or cap contract, option, futures contract, forward rate agreement, or any similar financial instrument to hedge our indebtedness incurred or to be incurred to acquire or carry "real estate assets," including mortgage loans, or to hedge certain foreign currency risks, any periodic income or gain from the disposition of that contract is disregarded for purposes of the 75% and 95% gross income tests. We are required to identify clearly any such hedging transaction before the close of the day on which it was acquired, originated, or entered into and satisfy other identification requirements. To the extent that we hedge for other purposes, or to the extent that a portion of our loans are not secured by real estate assets (as described under "— Asset Tests") or in other situations, the income from those transactions will likely be treated as non-qualifying income for purposes of both gross income tests.

If we have entered into a qualifying hedging transaction as described above (an "Original Hedge"), and a portion of the hedged indebtedness is extinguished or the related property is disposed of and in connection with such extinguishment or disposition we enter into a new clearly identified hedging transaction that would counteract the Original hedging transaction (a "Counteracting Hedge"), income from the Original Hedge and income from the Counteracting Hedge (including gain from the disposition of the Original Hedge and the Counteracting Hedge) will not be treated as gross income for purposes of the 95% and 75% gross income tests.

We intend to structure any hedging transactions in a manner that does not jeopardize our status as a REIT.

Failure to Satisfy Gross Income Tests. We intend to monitor our sources of income so as to ensure our compliance with the gross income tests. If we fail to satisfy one or both of the gross income tests for any taxable year, we nevertheless may qualify as a REIT for such year if we qualify for relief under certain provisions of the U.S. federal income tax laws. Those relief provisions generally will be available if:

- our failure to meet such tests is due to reasonable cause and not due to willful neglect; and
- following our identification of the failure to meet one or both gross income tests for a taxable year, a description of each item of our gross income included in the 75% or 95% gross income tests is set forth in a schedule for such taxable year filed as specified by Treasury regulations.

We cannot predict, however, whether in all circumstances we would qualify for the relief provisions. In addition, as discussed above in "— Taxation of Our Company," even if the relief provisions apply, we would incur a 100% tax on the gross income attributable to the greater of the amounts by which we fail the 75% and 95% gross income tests, multiplied by a fraction intended to reflect our profitability.

Asset Tests

To maintain our qualification as a REIT, we also must satisfy the following asset tests at the close of each quarter of each taxable year:

- First, at least 75% of the value of our total assets must consist of:
 - cash or cash items, including certain receivables;
 - U.S. government securities;
 - interests in real property, including leaseholds and options to acquire real property and leaseholds;
 - interests in mortgages on real property;
 - stock in other REITs;
 - debt instruments issued by publicly offered REITs; and
 - investments in stock or debt instruments during the one-year period following our receipt of new capital that we raise through equity offerings or offerings of debt with at least a five-year term.
- Second, of our investments not included in the 75% asset class, the value of our interest in any one issuer's securities may not exceed 5% of the value of our total assets.
- Third, of our investments not included in the 75% asset class, we may not own more than 10% of the voting power or value of any one issuer's outstanding securities.
- Fourth, no more than 25% (20% for taxable years beginning after December 31, 2017) of the value of our total assets may consist of the securities of one or more TRSs.
- Finally, not more than 25% of the value of our total assets may be represented by debt instruments issued by publicly offered REITs to the extent not secured by real property or interests in real property.

For purposes of the second and third asset tests, the term "securities" does not include stock in another REIT, equity or debt securities of a qualified REIT subsidiary or TRS, or equity interests in a partnership.

For purposes of the 10% value test, the term "securities" does not include:

- "Straight debt" securities, which is defined as a written unconditional promise to pay on demand or on a specified date a sum certain in money if (i) the debt is not convertible, directly or indirectly, into stock, and (ii) the interest rate and interest payment dates are not contingent on profits, the borrower's discretion, or similar factors. "Straight debt" securities do not include any securities issued by a partnership or a corporation in which we or any controlled TRS (i.e., a TRS in which we own directly or indirectly more than 50% of the voting power or value of the stock) hold non-"straight debt" securities that have an aggregate value of more than 1% of the issuer's outstanding securities. However, "straight debt" securities include debt subject to the following contingencies:
 - a contingency relating to the time of payment of interest or principal, as long as either (i) there is no change to the effective yield of the debt obligation, other than a change to the annual yield that does not exceed the greater of 0.25% or 5% of the annual yield, or (ii) neither the aggregate issue price nor the aggregate face amount of the issuer's debt obligations held by us exceeds \$1 million and no more than 12 months of unaccrued interest on the debt obligations can be required to be prepaid; and
 - a contingency relating to the time or amount of payment upon a default or prepayment of a debt obligation, as long as the contingency is consistent with customary commercial practice.
- Any loan to an individual or an estate.
- Any "section 467 rental agreement," other than an agreement with a related party tenant.
- Any obligation to pay "rents from real property."
- Certain securities issued by governmental entities.
- Any security issued by a REIT.
- Any debt instrument of an entity treated as a partnership for U.S. federal income tax purposes to the extent of our interest as a partner in the partnership.

- Any debt instrument of an entity treated as a partnership for U.S. federal income tax purposes not described in the preceding bullet points if at least 75% of the partnership's gross income, excluding income from prohibited transactions, is qualifying income for purposes of the 75% gross income test described above in "—Gross Income Tests."

We will monitor the status of our assets for purposes of the various asset tests and will seek to manage our assets to comply at all times with such tests. There can be no assurances, however, that we will be successful in this effort. In this regard, to determine our compliance with these requirements, we will need to estimate the value of the real estate securing our mortgage loans at various times. In addition, we will have to value our investment in our other assets to ensure compliance with the asset tests. Although we will seek to be prudent in making these estimates, there can be no assurances that the IRS might not disagree with these determinations and assert that a different value is applicable, in which case we might not satisfy the 75% and the other asset tests and would fail to qualify as a REIT. If we fail to satisfy the asset tests at the end of a calendar quarter, we will not lose our REIT qualification if:

- we satisfied the asset tests at the end of the preceding calendar quarter; and
- the discrepancy between the value of our assets and the asset test requirements arose from changes in the market values of our assets and was not wholly or partly caused by the acquisition of one or more non-qualifying assets.

If we did not satisfy the condition described in the second item, above, we still could avoid disqualification by eliminating any discrepancy within 30 days after the close of the calendar quarter in which it arose.

In the event that we violate the second or third asset tests described above at the end of any calendar quarter, we will not lose our REIT qualification if (i) the failure is de minimis (up to the lesser of 1% of our assets or \$10 million) and (ii) we dispose of assets or otherwise comply with the asset tests within six months after the last day of the quarter in which we identified such failure. In the event of a more than de minimis failure of any of the asset tests, as long as the failure was due to reasonable cause and not to willful neglect, we will not lose our REIT qualification if we (i) dispose of assets or otherwise comply with the asset tests within six months after the last day of the quarter in which we identified such failure, (ii) file a schedule with the IRS describing the assets that caused such failure in accordance with regulations promulgated by the Secretary of Treasury and (iii) pay a tax equal to the greater of \$50,000 or 35% of the net income from the non-qualifying assets during the period in which we failed to satisfy the asset tests.

Distribution Requirements

Each taxable year we must distribute dividends, other than capital gain dividends and deemed distributions of retained capital gain, to our shareholders in an aggregate amount at least equal to:

- the sum of (1) 90% of our "REIT taxable income," computed without regard to the dividends paid deduction and net capital gains, and (2) 90% of our after-tax net income, if any, from foreclosure property; minus
- the sum of certain items of non-cash income; and
- any NOL or capital loss carryforward that we have available and elect to apply.

These distributions must be paid in the taxable year to which they relate or in the following taxable year if such distributions are declared in October, November or December of the taxable year, are payable to shareholders of record on a specified date in any such month and are actually paid before the end of January of the following year. Such distributions are treated as both paid by us and received by each shareholder on December 31 of the year in which they are declared. In addition, at our election, a distribution for a taxable year may be declared before we timely file our tax return for the year and be paid with or before the first regular dividend payment after such declaration, provided that such payment is made during the 12-month period following the close of such taxable year. These distributions are taxable to our shareholders in the year in which paid, even though the distributions relate to our prior taxable year for purposes of the 90% distribution requirement.

In order for distributions to be counted towards our distribution requirement and to give rise to a tax deduction by us, they must not be "preferential dividends." A dividend is not a preferential dividend if it is pro rata among all outstanding shares of stock within a particular class and is in accordance with the preferences among different classes of stock as set forth in the organizational documents. However, so long as we continue to be a "publicly offered REIT" (i.e., a REIT which is required to file annual and periodic reports with the SEC under the Securities Exchange Act of 1934), the preferential dividend rule will not apply to us.

We will pay U.S. federal income tax at ordinary corporate tax rates on taxable income, including net capital gain, that we do not distribute to our shareholders. Furthermore, we must distribute during a calendar year, or by the end of January following such calendar year in the case of distributions with declaration and record dates falling in the last three months of the calendar year, at least the sum of:

- 85% of our REIT ordinary income for such year;
- 95% of our REIT capital gain income for such year; and
- any undistributed taxable income from prior periods.

If we fail to distribute such amounts within the proscribed timeframe, then we will incur a 4% nondeductible excise tax on the excess of such required distribution over the amounts we actually distributed. We may elect to retain and pay income tax on the net long-term capital gain we receive in a taxable year. See “— Taxation of Taxable U.S. Holders of Stock.” If we so elect, we will be treated as having distributed any such retained amount for purposes of the 4% excise tax described above. We intend to make timely distributions sufficient to satisfy the annual distribution requirements.

It is possible that, from time to time, we may experience timing differences between (1) the actual receipt of income and actual payment of deductible expenses, and (2) the inclusion of that income and deduction of such expenses in arriving at our REIT taxable income. In addition, we may not deduct recognized net capital losses from our REIT taxable income. As a result of the foregoing, we may have less cash than is necessary to distribute all of our taxable income and thereby avoid corporate income tax and the excise tax imposed on certain undistributed income. In such a situation, we may need to borrow funds or issue additional common or preferred shares.

We have an NOL carryforward as of December 31, 2016 of approximately \$89.8 million. The NOL carryforward expires substantially beginning in 2020. To the extent that we have taxable income that is not distributed by us to our shareholders, we may offset such taxable income with our NOL carryforward and would not have to pay income tax, which would not impact our REIT status. As a result, we are not necessarily required to distribute 90% or more of our earnings to maintain our REIT status.

Under certain circumstances, we may be able to correct a failure to meet the distribution requirement for a year by paying “deficiency dividends” to our shareholders in a later year. We may include such deficiency dividends in our deduction for dividends paid for the earlier year. Although we may be able to avoid income tax on amounts distributed as deficiency dividends, we will be required to pay interest to the IRS based upon the amount of any deduction we take for deficiency dividends.

Recordkeeping Requirements

To avoid a monetary penalty, we must request on an annual basis information from our shareholders designed to disclose the actual ownership of our outstanding shares of stock. We intend to comply with such requirements.

Prohibited Transactions

A REIT will incur a 100% tax on the net income derived from any sale or other disposition of property, other than foreclosure property, that the REIT holds primarily for sale to customers in the ordinary course of a trade or business. Whether a REIT holds an asset “primarily for sale to customers in the ordinary course of a trade or business” depends on the facts and circumstances in effect from time to time, including those related to a particular asset. We do not own assets that are held primarily for sale to customers. We will attempt to comply with the terms of safe harbor provisions in the U.S. federal income tax laws prescribing when an asset sale will not be characterized as a prohibited transaction. We cannot provide assurance, however, that we can comply with such safe harbor provisions or that we or our subsidiaries will avoid owning property that may be characterized as property held “primarily for sale to customers in the ordinary course of a trade or business.”

Failure to Qualify

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, we could avoid disqualification if our failure is due to reasonable cause and not to willful neglect and we pay a penalty of \$50,000 for each such failure. In addition, there are relief provisions for a failure of the gross income tests and asset tests, as described in “—Gross Income Tests” and “— Asset Tests.”

If we were to fail to qualify as a REIT in any taxable year, and no relief provision applied, we would be subject to U.S. federal income tax on our taxable income at regular corporate rates and any applicable alternative minimum tax. In calculating our taxable income in a year in which we failed to qualify as a REIT, we would not be able to deduct amounts paid out to shareholders. In fact, we would not be required to distribute any amounts to shareholders in such year. In such event, to the extent of our current and accumulated earnings and profits, all distributions to shareholders would be taxable as regular corporate dividends. The excess inclusion income rules (which are described under “—Taxable Mortgage Pools” below) will not apply to the distributions we make. Subject to certain limitations of the U.S. federal income tax laws, corporate shareholders might be eligible for the dividends received deduction, and individual and certain non-corporate trust and estate shareholders may be eligible for a reduced U.S. federal income tax rate on such dividends. Unless we qualified for relief under specific statutory provisions, we also would be disqualified from taxation as a REIT for the four taxable years following the year during which we ceased to qualify as a REIT. We cannot predict whether in all circumstances we would qualify for such statutory relief.

Allocation of Capital Gain Dividends to Holders of Common Stock

If we properly designate any portion of a dividend as a capital gain dividend then, except as otherwise required by law, we presently intend to allocate a portion of the total capital gain dividends paid or made available to holders of all classes of our stock for the year to the holders of our common stock in proportion to the amount that our total dividends, as determined for federal income tax purposes, paid or made available to the holders of our common stock for the year bears to the total dividends, as determined for federal income tax purposes, paid or made available to holders of all classes of our stock for the year.

Taxation of U.S. Holders

The term “U.S. holder” means a holder of our securities that for U.S. federal income tax purposes is:

- a citizen or resident of the United States;
- a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any of its states, or the District of Columbia;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- any trust if (1) a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person.

If a partnership, entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our securities, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. If you are a partner in a partnership holding our securities, you should consult your tax advisor regarding the consequences of the purchase, ownership and disposition of our securities by the partnership.

Taxation of Taxable U.S. Holders of Stock

As long as we qualify as a REIT, a taxable U.S. holder of our stock must report as ordinary income distributions or retained long-term capital gain that are made out of our current or accumulated earnings and profits and that we do not designate as capital gain dividends. Dividends paid to a corporate U.S. holder of our stock will not qualify for the dividends received deduction generally available to corporations. In addition, dividends paid to a U.S. holder generally will not qualify for the capital gains tax rate for “qualified dividend income.” However, our ordinary REIT dividends may qualify as qualified dividend income, if they are (1) attributable to dividends received by us from non-REIT corporations, such as our TRSs, and (2) attributable to income upon which we have paid corporate income tax (e.g., to the extent that we distribute less than 100% of our taxable income). In general, to qualify for the reduced tax rate on qualified dividend income, a shareholder must hold our stock for more than 60 days during the 121-day period beginning on the date that is 60 days before the date on which our stock becomes ex-dividend.

A U.S. holder generally will report distributions that we designate as capital gain dividends as long-term capital gain without regard to the period for which the U.S. holder has held our stock. A corporate U.S. holder, however, may be required to treat up to 20% of certain capital gain dividends as ordinary income.

We may elect to retain and pay income tax on the net long-term capital gain that we receive in a taxable year. In that case, a U.S. holder would be taxed on its proportionate share of our undistributed long-term capital gain, to the extent that we designate such amount in a timely notice to such shareholder. The U.S. holder would receive a credit or refund for its proportionate share of the tax we paid. The U.S. holder would increase the basis in its stock by the amount of its proportionate share of our undistributed long-term capital gain, minus its share of the tax we paid.

To the extent that we make a distribution in excess of our current and accumulated earnings and profits, such distribution will not be taxable to a U.S. holder to the extent that it does not exceed the adjusted tax basis of the U.S. holder's stock. Instead, such distribution will reduce the adjusted tax basis of such stock. To the extent that we make a distribution in excess of both our current and accumulated earnings and profits and the U.S. holder's adjusted tax basis in its stock, such shareholder will recognize long-term capital gain, or short-term capital gain if the stock has been held for one year or less, assuming the stock is a capital asset in the hands of the U.S. holder. The IRS has ruled that if total distributions for two or more classes of stock are in excess of current and accumulated earnings and profits, dividends must be treated as having been distributed to those shareholders having a priority under the corporate charter before any distribution to shareholders with lesser priority. If we declare a dividend in October, November, or December of any year that is payable to a U.S. holder of record on a specified date in any such month, such dividend will be treated as both paid by us and received by the U.S. holder on December 31 of such year, provided that we actually pay the dividend during January of the following calendar year.

The aggregate amount of dividends that we may designate as "capital gain dividends" or "qualified dividends" with respect to any taxable year may not exceed the dividends paid by us with respect to such year, including dividends that are paid in the following year and if made with or before the first regular dividend payment after such declaration) are treated as paid with respect to such year.

Shareholders may not include in their individual income tax returns any of our NOLs or capital losses. Instead, we would carry over such losses for potential offset against our future income generally. Taxable distributions from us and gain from the disposition of our stock will not be treated as passive activity income, and, therefore, shareholders generally will not be able to apply any "passive activity losses," such as losses from certain types of limited partnerships in which the shareholder is a limited partner, against such income. In addition, taxable distributions from us and gain from the disposition of the stock generally will be treated as investment income for purposes of the investment interest limitations.

We will notify shareholders after the close of our taxable year as to the portions of the distributions attributable to that year that constitute ordinary income, return of capital, and capital gain.

Taxation of U.S. Holders on the Disposition of Stock. In general, a U.S. holder who is not a dealer in securities must treat any gain or loss realized upon a taxable disposition of our stock as long-term capital gain or loss if the U.S. holder has held the stock for more than one year, and otherwise as short-term capital gain or loss. However, a U.S. holder must treat any loss upon a sale or exchange of stock held by such shareholder for six months or less as a long-term capital loss to the extent of any actual or deemed distributions from us that such U.S. holder previously has characterized as long-term capital gain. All or a portion of any loss that a U.S. holder realizes upon a taxable disposition of the stock may be disallowed if the U.S. holder purchases the same type of stock within 30 days before or after the disposition.

Capital Gains and Losses. A taxpayer generally must hold a capital asset for more than one year for gain or loss derived from its sale or exchange to be treated as long-term capital gain or loss. The highest marginal individual income tax rate is 39.6%. The maximum tax rate on long-term capital gain applicable to non-corporate taxpayers is 20% for sales and exchanges of assets held for more than one year. The maximum tax rate on long-term capital gain from the sale or exchange of "section 1250 property," or depreciable real property, is 25% to the extent that such gain would have been treated as ordinary income if the property were "section 1245 property." With respect to distributions that we designate as capital gain dividends and any retained capital gain that we are deemed to distribute, we generally may designate whether such a distribution is taxable to our non-corporate shareholders at a 20% or 25% rate. Thus, the tax rate differential between capital gain and ordinary income for non-corporate taxpayers may be significant. In addition, the characterization of income as capital gain or ordinary income may affect the deductibility of capital losses. A non-corporate taxpayer may deduct capital losses not offset by capital gains against its ordinary income only up to a maximum annual amount of \$3,000. A non-corporate taxpayer may carry forward unused capital losses indefinitely. A corporate taxpayer must pay tax on its net capital gain at ordinary corporate rates. A corporate taxpayer may deduct capital losses only to the extent of capital gains, with unused losses being carried back three years and forward five years.

Information Reporting Requirements and Backup Withholding. We will report to our shareholders and to the IRS the amount of distributions we pay during each calendar year and the amount of tax we withhold, if any. Under the backup withholding rules, a shareholder may be subject to backup withholding at the rate of 28% with respect to distributions unless such holder:

- is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact; or
- provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with the applicable requirements of the backup withholding rules.

A shareholder that does not provide us with its correct taxpayer identification number also may be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the shareholder's income tax liability. In addition, any U.S. holders that fail to certify their non-foreign status to us may be subject to withholding on a portion of capital gain distributions. See "— Taxation of Non-U.S. Holders."

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against such U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Taxation of Tax-Exempt U.S. Holders

Tax-exempt U.S. holders, including qualified employee pension and profit sharing trusts and individual retirement accounts, generally are exempt from U.S. federal income taxation, thus typically dividends received by such entities are not subject to taxation when received. However, these entities or accounts are subject to taxation on any unrelated business taxable income generated. While many investments in real estate generate unrelated business taxable income, the IRS has issued a published ruling that dividend distributions from a REIT to an exempt employee pension trust do not constitute unrelated business taxable income, provided that the exempt employee pension trust does not otherwise use the shares of the REIT in an unrelated trade or business of the pension trust. Based on that ruling, amounts that we distribute to tax-exempt shareholders generally should not constitute unrelated business taxable income.

However, if a tax-exempt shareholder were to finance its acquisition of our stock with debt, a portion of the income that it receives from us would constitute unrelated business taxable income pursuant to the "debt-financed property" rules. Furthermore, social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans that are exempt from taxation under special provisions of the federal income tax laws are subject to different unrelated business taxable income rules, which generally will require them to characterize distributions that they receive from us as unrelated business taxable income. Finally, if we are a "pension-held REIT," a qualified employee pension or profit sharing trust that owns more than 10% of our shares of stock is required to treat a percentage of the dividends that it receives from us as unrelated business taxable income. That percentage is equal to the gross income that we derive from an unrelated trade or business, if any, determined as if we were a pension trust, divided by our total gross income for the year in which we pay the dividends. That rule applies to a pension trust holding more than 10% of our shares of stock only if:

- the percentage of our dividends that the tax-exempt trust would be required to treat as unrelated business taxable income is at least 5%;
- we qualify as a REIT by reason of the modification of the rule requiring that no more than 50% of our stock be owned by five or fewer individuals that allows the beneficiaries of the pension trust to be treated as holding our stock in proportion to their actuarial interests in the pension trust (see "— Requirements for Qualification" above); and
- either (1) one pension trust owns more than 25% of the value of our stock or (2) a group of pension trusts each individually holding more than 10% of the value of our stock collectively owns more than 50% of the value of our stock.

The ownership and transfer restrictions in our charter reduce the risk that we may become a "pension-held REIT."

A tax-exempt U.S. holder may also be required to treat any excess inclusion income as unrelated business taxable income as described in "— Taxable Mortgage Pools."

Taxation of Non-U.S. Holders

The rules governing the U.S. federal income taxation of holders of our securities that are not U.S. holders and are not partnerships or other pass-through entities (collectively, "non-U.S. holders") are complex. We urge non-U.S. holders to consult their own tax advisors to determine the impact of U.S. federal, state, and local income tax laws on the ownership of our stock, including any reporting requirements.

A non-U.S. holder that receives a distribution that is not attributable to gain from our sale or exchange of U.S. real property interests, as defined below, and that we do not designate as a capital gain dividend will recognize ordinary income to the extent that we pay such distribution out of our current or accumulated earnings and profits. A withholding tax equal to 30%

of the gross amount of the distribution ordinarily will apply to such distribution unless an applicable tax treaty reduces or eliminates the tax. Under some treaties, however, lower rates generally applicable to dividends do not apply to dividends from REITs. In general, non-U.S. holders are not considered to be engaged in a U.S. trade or business solely as a result of their ownership of our stock. However, if a distribution is treated as effectively connected with the non-U.S. holder's conduct of a U.S. trade or business, the non-U.S. holder generally will be subject to U.S. federal income tax on the distribution at graduated rates, in the same manner as U.S. holders are taxed with respect to such distributions. A non-U.S. holder that is a corporation also may be subject to the 30% branch profits tax with respect to the distribution. Generally, a non-U.S. holder will be subject to U.S. income tax withholding at the rate of 30% on the gross amount of any such distribution paid to a non-U.S. holder unless either:

- a lower treaty rate applies and the non-U.S. holder files an IRS Form W-8BEN or successor form evidencing eligibility for that reduced rate with the payor; or
- the non-U.S. holder files an IRS Form W-8ECI or successor form with the payor claiming that the distribution is effectively connected income.

Generally, a non-U.S. holder will not be liable for tax on a distribution in excess of our current and accumulated earnings and profits if the excess portion of such distribution does not exceed the adjusted basis of its stock. Instead, the excess portion of such distribution will reduce the adjusted basis of such stock. A non-U.S. holder will be subject to tax on a distribution that exceeds both our current and accumulated earnings and profits and the adjusted basis of its stock, if the non-U.S. holder otherwise would be subject to tax on gain from the sale or disposition of its stock, as described below. Because we generally cannot determine at the time we make a distribution whether or not the distribution will exceed our current and accumulated earnings and profits, the entire amount of any distribution may be subject to withholding as a taxable dividend. In addition, a distribution in excess of our current and accumulated earnings and profits (but not in excess of the holder's adjusted tax basis in its stock) is subject to withholding in the manner described in the immediately succeeding paragraph. A non-U.S. holder may obtain a full or partial refund, as appropriate, of amounts that are withheld if we later determine that a distribution in fact exceeded our current and accumulated earnings and profits.

Unless we are a "domestically-controlled REIT," as defined below, withholding at a rate of 15% is required on any distribution that exceeds our current and accumulated earnings and profits. Consequently, although we intend to withhold at a rate of 30% on the entire amount of any distribution, to the extent that we do not do so, it is possible that if we are able to determine that a particular distribution (or portion thereof) exceeds our current and accumulated earnings and profits, we may withhold at the lower rate of 15% on such distribution (or portion thereof).

For any year in which we qualify as a REIT, a non-U.S. holder may incur tax on distributions that are attributable to gain from any sale or exchange of "United States real property interests" under special provisions of the U.S. federal income tax laws referred to as "FIRPTA." The term "United States real property interests" includes certain interests in real property and stock in corporations at least 50% of whose assets consists of interests in real property. Under those rules, a non-U.S. holder is taxed on distributions attributable to gain from sales of United States real property interests as if such gain were effectively connected with a U.S. trade or business of the non-U.S. holder. A non-U.S. holder thus would be taxed on such a distribution at the normal capital gains rates applicable to U.S. holders, subject to applicable alternative minimum tax and a special alternative minimum tax in the case of a nonresident alien individual. A non-U.S. corporate holder not entitled to treaty relief or exemption also may be subject to the 30% branch profits tax on such a distribution. Except as described below with respect to regularly traded stock, withholding is required at a rate of 35% of any distribution that we could designate as a capital gain dividend. A non-U.S. holder may receive a credit against its tax liability for the amount we withhold. Any distribution with respect to any class of stock which is regularly traded on an established securities market located in the United States, such as our stock, will not be treated as gain recognized from the sale or exchange of a United States real property interest if the non-U.S. holder did not own more than 10% of such class of stock at any time during the taxable year within which the distribution is received. The distribution will be treated as an ordinary dividend to the non-U.S. holder and taxed as an ordinary dividend that is not a capital gain. A non-U.S. holder is not required to file a U.S. federal income tax return by reason of receiving such a distribution, and the branch profits tax no longer applies to such a distribution. However, the distribution will be subject to U.S. federal income tax withholding as an ordinary dividend as described above.

A non-U.S. holder generally will not incur tax under FIRPTA with respect to gain realized upon a disposition of our stock as long as we are a "domestically-controlled REIT." A domestically controlled REIT is a REIT in which, at all times during a specified testing period, less than 50% in value of its shares are held directly or indirectly by non-U.S. holders. We cannot assure you that that test will be met. However, a non-U.S. holder that owned, actually or constructively, 10% or less of our stock at all times during a specified testing period will not incur tax under FIRPTA with respect to any such gain if the stock is "regularly traded" on an established securities market. To the extent that our stock is regularly traded on an established securities market, a non-U.S. holder will not incur tax under FIRPTA unless it owns more than 10% of our stock. If the gain on

the sale of the stock were taxed under FIRPTA, a non-U.S. holder would be taxed in the same manner as U.S. holders with respect to such gain, subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals. Furthermore, a non-U.S. holder generally will incur tax on gain not subject to FIRPTA if (1) the gain is effectively connected with the non-U.S. holder's U.S. trade or business, in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, or (2) the non-U.S. holder is a nonresident alien individual who was present in the United States for 183 days or more during the taxable year and has a "tax home" in the United States, in which case the non-U.S. holder will incur a 30% tax on his capital gains.

Taxable Mortgage Pools

A taxable mortgage pool is any entity (or in certain cases, a portion of an entity) other than a "real estate mortgage investment conduit" (as defined in the Code) that has the following characteristics:

- Substantially all (generally, more than 80%) of the assets of such entity consists of debt obligations and more than 50% of such debt obligations are real estate mortgages;
- Such entity issues two or more classes of debt obligations having different maturities; and
- The timing and amount of payments or projected payments on the debt obligations issued by the entity are determined in large part by the timing and amount of payments the entity receives on the debt obligations it holds as assets.

If a REIT is a taxable mortgage pool, or if a REIT owns a qualified REIT subsidiary that is a taxable mortgage pool, then a portion of the REIT's income will be treated as excess inclusion income and a portion of the dividends the REIT pays to its shareholders will be considered to be excess inclusion income. You cannot offset excess inclusion income with NOLs or otherwise allowable deductions. Moreover, if you are a tax-exempt shareholder, such as a domestic pension fund, you must treat excess inclusion income as unrelated business taxable income. If you are not a U.S. holder, your dividend distributions may be subject to withholding tax, without regard to any exemption or reduction in rate that might otherwise apply, with respect to your share of excess inclusion income. The manner in which excess inclusion income would be allocated among shares of different classes of our stock or how such income is to be reported to shareholders is not clear under current law.

Several of our investments are contained in securitization trusts which are considered taxable mortgage pools. To the extent that these taxable mortgage pools have excess inclusion income, we will report these amounts annually.

Medicare Tax

Certain net investment income earned by U.S. holders that are U.S. citizens, resident aliens or certain estates or trusts is subject to a 3.8% Medicare tax. Net investment income includes, among other things, dividends on and capital gains from the sale or other disposition of shares of stock. Holders of shares of our common stock should consult their tax advisors regarding the effect, if any, of this tax on their ownership and disposition of such shares.

Foreign Accounts

Withholding taxes may apply to certain types of payments made to "foreign financial institutions" (as defined in the Code) and certain other non-U.S. entities. A withholding tax of 30% generally will be imposed on dividends on, and gross proceeds from the sale or other disposition of, our common stock paid to (a) a foreign financial institution unless such foreign financial institution agrees to verify, report and disclose its U.S. accountholders and meets certain other specified requirements or (b) a non-financial foreign entity that is the beneficial owner of the payment unless such entity certifies that it does not have any substantial U.S. owners or furnishes identifying information regarding each substantial U.S. owner and such entity meets certain other specified requirements. Applicable Treasury regulations and IRS guidance provide that these rules generally will apply to payments of dividends on our common stock and after December 31, 2016 generally will apply to payments of gross proceeds from a sale or other disposition of our common stock. We will not pay any additional amounts in respect of any amounts withheld. Non-U.S. holders are encouraged to consult their tax advisors regarding the particular consequences to them of this legislation and guidance.

State and Local Taxes

We and/or you may be subject to state and local tax in various states and localities, including those states and localities in which we or you transact business, own property, or reside. The state and local tax treatment in such jurisdictions may differ from the U.S. federal income tax treatment described above. Consequently, you should consult your own tax advisor regarding the effect of state and local tax laws upon an investment in our securities.

Legislative or Other Actions Affecting REITs

The rules dealing with U.S. federal income taxation, and in particular the U.S. federal income tax treatment of REITs, are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department. No assurance can be given as to whether, when, or in what form, U.S. federal income tax laws applicable to us and our shareholders may be modified or enacted, possibly with retroactive effect. Changes to the U.S. federal income tax laws and interpretations of U.S. federal income tax laws could adversely affect an investment in our shares of common stock.

Several REIT rules were amended under the Protecting Americans from Tax Hikes Act of 2015 (the “PATH Act”), which was enacted on December 18, 2015. Additionally, on November 16, 2017, the U.S. House of Representatives passed the Tax Cuts and Jobs Act (H.R. 1). On December 2, 2017, the Senate passed a different version of the Tax Cuts and Jobs Act. On December 15, 2017, the House and Senate released a Conference report reconciling the House and Senate bills and producing a bill (the “Tax Reform Bill”), which was subsequently adopted by both the House and the Senate, and signed into law by the President on December 22, 2017. The PATH Act and the Tax Reform Bill may affect our shareholders and may indirectly affect us. These rules were enacted with varying effective dates, some of which are retroactive. Investors should consult with their tax advisors regarding the effect of the Tax Reform Bill and the PATH Act in their particular circumstances.

PLAN OF DISTRIBUTION

We may sell the securities offered pursuant to this prospectus and any accompanying prospectus supplements domestically or abroad, through underwriters, dealers or agents, or directly, or through any combination of those methods. The applicable prospectus supplement will describe the terms of the offering that it applies to, including the names of any underwriters, dealers or agents, the purchase price for our securities, and the proceeds we expect to receive. It will also include any delayed delivery arrangements, the initial public offering price, the proceeds we expect to receive from the offering and any underwriting discounts and other items constituting underwriters’ compensation, any discounts or concessions allowed or re-allowed or paid to dealers, and a list of any securities exchanges on which the securities offered may be listed.

If we use underwriters in any sale, our securities will be purchased by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Our securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The underwriters with respect to a particular underwritten offering will be named in the applicable prospectus supplement relating to that offering. If an underwriting syndicate is used, the managing underwriter or underwriters will be disclosed on the cover of the applicable prospectus supplement. Generally, the obligations of the underwriters or agents to purchase the securities that we offer will be subject to conditions precedent, and the underwriters will have to purchase all of the offered securities if any are purchased. The initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time. In no event will the maximum commission or discount to be received by any Financial Industry Regulatory Authority member or independent broker-dealer exceed 8% for the sale of the securities registered hereunder.

If we use dealers to sell our securities, we will sell our securities to the dealers as principals. The dealers may then resell our securities to the public at varying prices that they determine at the time of resale. We will disclose the names of the dealers and the terms of the transaction in the applicable prospectus supplement.

We may sell the securities through agents that we designate from time to time at fixed prices that may be changed, or at varying prices determined at the time of sale. We will name any agent involved in the offer or sale of our securities in the applicable prospectus supplement, and specify any commissions that we will pay them. Unless otherwise specified in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Underwriters or agents may be paid by us or by purchasers of our securities for whom they act as agents in the form of discounts, concessions or commissions. Underwriters, agents and dealers participating in the distribution of our securities may all be deemed to be underwriters, and any discounts or commissions that they receive, as well as profit they receive on the resale of our securities, may be deemed to be underwriting discounts or commissions under the Securities Act.

A prospectus supplement may indicate that we will authorize agents, underwriters or dealers to solicit from specified types of institutions offers to purchase our securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts permitting payment and delivery on a specified future date. The prospectus supplement will describe conditions of any delayed delivery contracts, as well as the commission we will pay for solicitation of these contracts.

Some or all of the securities that we offer through this prospectus and accompanying prospectus supplements may be new issues of securities with no established trading market. Any underwriters to whom we sell our securities for public offering and sale may make a market in those securities, but they will not be obligated to and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

In order to facilitate the offering of our securities, any underwriters or agents involved in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of our securities, or other securities that affect payments on our securities. These transactions may include stabilization transactions effected in accordance with Rule 104 of Regulation M promulgated by the SEC. Specifically, the underwriters or agents may overallocate in connection with the offering, creating a short position for their own account. In addition, to cover overallocations or to stabilize the price of our securities, or other securities that affect payments on our securities, the underwriters or agents may bid for and purchase the securities in the open market. In any offering of our securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or dealer for distributing our securities if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilizing transactions or otherwise. Any of these activities may stabilize or maintain the market price of our securities above independent market levels. The underwriters or agents are not required to engage in these activities, and may end any of these activities at any time.

Agents, dealers and underwriters may be entitled to be indemnified by us against specified civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that they may be required to make.

Any underwriters, dealers or agents that we use, as well as their affiliates, may engage in transactions with us or perform services for us in the ordinary course of business. Underwriters have from time to time in the past provided, and may from time to time in the future provide, investment banking services to us for which they have in the past received, and may in the future receive, customary fees.

Item 15. Indemnification of Directors and Officers.

The Virginia Stock Corporation Act and our articles of incorporation provide for indemnification of our directors and officers in a variety of circumstances, which may include liabilities under the Securities Act. Our articles of incorporation require indemnification of directors and officers with respect to certain liabilities, expenses, and other amounts imposed on them by reason of having been a director or officer, except in the case of willful misconduct or a knowing violation of criminal law. We also carry insurance on behalf of directors, officers, employees or agents which may cover liabilities under the Securities Act.

Under the Virginia Stock Corporation Act, a Virginia corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, the Virginia Stock Corporation Act permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

- a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation; and
- a written undertaking by the director or on the director's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director did not meet the standard of conduct.

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in this registration statement;
- provided, however,* that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

-
- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the registrant to the purchaser.
- (b) The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection 310 of the Trust Indenture Act (the "Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

Ladies and Gentlemen:

We have acted as counsel to Dynex Capital, Inc., a Virginia corporation (the "Company"), in connection with the preparation of the Company's above-referenced registration statement on Form S-3 (the "Registration Statement"), to be filed on the date hereof by the Company with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Act"). The Registration Statement relates to the issuance and sale from time to time by the Company, pursuant to Rule 415 of the General Rules and Regulations promulgated under the Act, of the following securities of the Company with a proposed maximum aggregate offering price of up to \$500,000,000: (i) shares of common stock, \$0.01 par value per share (the "Common Stock"); (ii) shares of preferred stock, \$0.01 par value per share (the "Preferred Stock"), in one or more series; (iii) debt securities (the "Debt Securities") which may be either senior debt securities or subordinated debt securities, in one or more series under one or more indentures (each, an "Indenture" and, collectively, "Indentures"), entered into or proposed to be entered into between the Company and a trustee to be identified in the Indenture as trustee (the "Trustee"); (iv) warrants (the "Warrants") to purchase Debt Securities, shares of Common Stock or shares of Preferred Stock pursuant to one or more warrant agreements (each, a "Warrant Agreement") proposed to be entered into between the Company and warrant agents to be named therein (each, a "Warrant Agent" and, collectively, the "Warrant Agents"); (v) shareholder rights (the "Rights") to purchase shares of Common Stock, shares of Preferred Stock, Warrants exercisable for shares of Common Stock or Preferred Stock, or Units (as defined below) consisting of two or more of the foregoing; (vi) units (the "Units") consisting of two or more of shares of Common Stock, shares of Preferred Stock, Debt Securities, Warrants or Rights and (vii) such indeterminate number of shares of Common Stock or Preferred Stock and amount of Debt Securities, Warrants, Rights and Units as may be issued upon conversion, exchange, exercise or settlement, as applicable, of any Preferred Stock, Debt Securities, Warrants, Rights or Units, including such shares of Common Stock or Preferred Stock as may be issued pursuant to anti-dilution adjustments (collectively, the "Indeterminate Securities"). The Common Stock, Preferred Stock, Debt Securities, Warrants, Rights, and Units are collectively referred to herein as the "Offered Securities." The Offered Securities will be sold or delivered from time to time in amounts, at prices and on terms to be determined at the time of the offering as set forth in the Registration Statement, the prospectus contained therein (the "Prospectus") and supplements to the Prospectus (each, a "Prospectus").

Supplement). The Debt Securities will be issued under one or more Indentures, applicable forms of which will be filed by amendment or incorporated by reference in the Registration Statement in connection with the offering of any Debt Securities, as appropriate.

This opinion is being furnished in accordance with the requirements of Item 601(b)(5)(i) of Regulation S-K.

We have examined originals or copies, certified or otherwise identified to our satisfaction, of such corporate records, agreements, and other instruments, certificates, orders, opinions, correspondence with public officials, certificates provided by the Company's officers and representatives, and other documents as we have deemed necessary or advisable for the purposes of rendering the opinion set forth herein, including (i) the corporate and organizational documents of the Company, including the Restated Articles of Incorporation, as amended to date (the "Restated Articles"), and the Amended and Restated Bylaws of the Company, as amended to date (the "Bylaws"), (ii) the resolutions (the "Resolutions") of the Board of Directors of the Company (the "Board") with respect to the Registration Statement, the registration of the Offered Securities, and certain related matters, (iii) specimen certificates representing the Common Stock, the Company's 8.50% Series A Cumulative Redeemable Preferred Stock, and the Company's 7.625% Series B Cumulative Redeemable Preferred Stock, and (iv) the Registration Statement and exhibits thereto, including the Prospectus comprising a part thereof.

For purposes of the opinions expressed below, we have assumed (i) the authenticity of all documents submitted to us as originals, (ii) the conformity to the originals of all documents submitted as certified, photostatic or electronic copies and the authenticity of the originals thereof, (iii) the legal capacity of natural persons, (iv) the genuineness of signatures not witnessed by us, (v) the due authorization, execution and delivery of all documents by all parties, other than the Company, and the validity, binding effect and enforceability thereof and (vi) the truth, accuracy and completeness of the information, representations and warranties contained in the records, documents, instruments and certificates we have reviewed.

As to any facts material to the opinions expressed herein which were not independently established or verified, we have relied upon oral or written statements and representations of officers and other representatives of the Company and others and of public officials. In making our examination of documents executed or to be executed, we have assumed that the parties thereto, other than the Company, had or will have the power, corporate or other, to enter into and perform all obligations thereunder and have also assumed the due authorization by all requisite action, corporate or other, and the execution and delivery by such parties of such documents, and the validity and binding effect thereof on such parties.

We have further assumed that (i) the Registration Statement and any amendment thereto will have become effective under the Act (and will remain effective under the Act at the time of issuance of the Offered Securities thereunder), (ii) any Prospectus Supplement or term sheet describing the Offered Securities will be filed with the Commission to the extent required by applicable law and relevant rules and regulations of the Commission, (iii) the Indentures and Warrant Agreements have been or will be duly authorized, executed and delivered by the parties thereto, and, in the case of the Indentures, in substantially the form reviewed by us, and that any Debt Securities or Warrants that may be issued will be manually authenticated, signed or countersigned, as the case may be, by duly authorized officers of the parties thereto, (iv) the

Indentures have been or will be qualified under the Trust Indenture Act of 1939, as amended, (v) a definitive purchase, underwriting or similar agreement with respect to any Offered Securities offered thereby will have been duly authorized and validly executed and delivered by the Company and the other parties thereto and (vi) the Board, an authorized committee thereof or appropriate officers of the Company will have taken all necessary corporate action with respect to the issuance of the Offered Securities, the instruments pursuant to which they are duly authorized and established and related matters.

In addition, we have assumed that the terms of the Offered Securities will have been established so as not to, and that the execution and delivery by the Company of, and the performance of its obligations under, the Indentures, the Offered Securities, and the Warrant Agreements, will not violate, conflict with or constitute a default under (i) any agreement or instrument to which the Company or its properties are subject, (ii) any law, rule or regulation to which the Company or its properties is subject, (iii) any judicial or regulatory order or decree of any governmental authority or (iv) any consent, approval, license, authorization or validation of, or filing, recording or registration with, any governmental authority.

In expressing the opinion set forth below, we have also assumed that the Offered Securities will not be issued or transferred in violation of the restrictions on ownership and transfer set forth in Articles VI and VII of the Restated Articles.

Based on the foregoing and in reliance thereon, and subject to the limitations, qualifications, assumptions, exceptions and other matters set forth herein, we are of the opinion that:

1. With respect to the shares of Common Stock offered by the Company pursuant to the Registration Statement, including any Indeterminate Securities (the “Offered Common Stock”), when (i) if certificated, certificates in the form required under Virginia law representing the shares of Offered Common Stock are duly executed and countersigned; and (ii) the shares of Offered Common Stock are registered in the Company’s share registry and delivered upon payment of the agreed-upon consideration therefore, the shares of Offered Common Stock (including any Common Stock duly issued upon conversion, exchange, exercise or settlement of any Preferred Stock, Debt Securities, Warrants, Rights or Units), when issued and sold in accordance with the applicable underwriting agreement, if any, or any other duly authorized, executed and delivered valid and binding agreement or instrument, will be duly authorized, validly issued, fully paid and nonassessable.
2. With respect to the shares of any series of Preferred Stock offered by the Company pursuant to the Registration Statement, including any Indeterminate Securities (the “Offered Preferred Stock”), when (i) if certificated, certificates in the form required under Virginia corporate law representing the shares of Offered Preferred Stock are duly executed and countersigned; (ii) articles of amendment for the particular series of Offered Preferred Stock have been filed with the State Corporation Commission of the Commonwealth of Virginia (“SCC”) and the SCC has issued a certificate of amendment with respect thereto and (iii) the shares of Offered Preferred Stock are registered in the Company’s share registry and delivered upon payment of the agreed-upon consideration therefore, the shares of the Offered Preferred Stock (including any Preferred Stock duly issued upon conversion, exchange, exercise or settlement of any Preferred Stock, Debt Securities, Warrants, Rights or Units), when issued and sold in accordance with the

applicable underwriting agreement, if any, or any other duly authorized, executed and delivered valid and binding agreement or instrument, will be duly authorized, validly issued, fully paid and nonassessable.

3. With respect to any series of Debt Securities offered by the Company pursuant to the Registration Statement, including any Indeterminate Securities (the “Offered Debt Securities”), when the Offered Debt Securities have been duly executed and authenticated in accordance with the provisions of the Indentures and duly delivered to the purchasers thereof upon payment of the agreed-upon consideration therefor, the Offered Debt Securities (including any Debt Securities duly issued upon conversion, exchange, exercise or settlement of any Preferred Stock, Debt Securities, or Warrants), when issued and sold in accordance with the applicable Indenture and the applicable underwriting agreement, if any, or any other duly authorized, executed and delivered valid and binding agreement or instrument, will be valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms, except to the extent that enforcement thereof may be limited by (a) bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other similar laws now or hereafter in effect relating to creditors’ rights generally, (b) general principles of equity (regardless of whether enforceability is considered in a proceeding at law or in equity), (c) public policy considerations which may limit the rights of parties to obtain remedies, (d) the waivers of any usury defense contained in the Indenture or Offered Debt Securities which may be unenforceable, (e) requirements that a claim with respect to any Offered Debt Securities denominated in a currency, currency unit or composite currency other than United States dollars (or a judgment denominated other than in United States dollars in respect of such claim) be converted into United States dollars at a rate of exchange prevailing on a date determined pursuant to applicable law and (f) governmental authority to limit, delay or prohibit the making of payments outside the United States or in foreign currencies, currency units or composite currencies.
4. With respect to any Warrants offered by the Company pursuant to the Registration Statement, including any Indeterminate Securities (the “Offered Warrants”), when the Offered Warrants have been duly executed, delivered and countersigned upon payment of the agreed upon consideration therefor in accordance with the provisions of the applicable Warrant Agreement and duly issued and sold in the applicable form to be filed as an exhibit to the Registration Statement or any amendment thereto and in the manner contemplated in the Registration Statement or any Prospectus Supplement or term sheet relating thereto, the Offered Warrants, when issued and sold in accordance with the applicable Warrant Agreement and the applicable underwriting agreement, if any, or any other duly authorized, executed and delivered valid and binding agreement or instrument, will be duly authorized and validly issued and will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms, except to the extent that enforcement thereof may be limited by (a) bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other similar laws now or hereafter in effect relating to creditors’ rights generally, (b) general principles of equity (regardless of whether enforceability is considered in a proceeding at law or in equity) and (c) public policy considerations which may limit the rights of parties to obtain remedies.

5. With respect to any Rights offered by the Company pursuant to the Registration Statement, including any Indeterminate Securities (the “*Offered Rights*”), when (i) the Offered Rights have been issued and paid for in the manner contemplated in the Registration Statement and any Prospectus Supplement relating thereto, and in any rights agreement related to the Offered Rights; (ii) a rights agreement, if any, related to the Offered Rights has been duly authorized, executed and delivered by the Company and the other parties thereto and in the manner contemplated in the Registration Statement or any Prospectus Supplement or term sheet relating thereto; (iii) the terms of the Offered Rights and of their issuance and sale have been duly established in conformity with the applicable rights agreement; and (iv) the Offered Rights have been duly executed, delivered and countersigned in accordance with the provisions of the applicable rights agreement and issued and sold in the applicable form to be filed as an exhibit to the Registration Statement or any amendment thereto and in the manner contemplated in the Registration Statement or any Prospectus Supplement or term sheet relating thereto, the Offered Rights, when issued and sold or otherwise distributed in accordance with the applicable rights agreement and the applicable purchase agreement or any other duly authorized, executed and delivered valid and binding agreement or instrument, or upon due conversion, exercise, exchange or settlement of any Debt Securities, Preferred Stock or Units, as the case may be, will be valid and binding obligations of the Company, enforceable against the Company in accordance with their respective terms, except to the extent that enforcement thereof may be limited by (a) bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other similar laws now or hereafter in effect relating to creditors’ rights generally; (b) general principles of equity (regardless of whether enforceability is considered in a proceeding at law or in equity) and (c) public policy considerations which may limit the rights of parties to obtain remedies.
6. With respect to any Units offered pursuant to the Registration Statement (the “*Offered Units*”), when (i) the Units have been, if required, duly executed, issued and delivered against payment of the agreed-upon consideration therefor in the manner contemplated in the Registration Statement or any Prospectus Supplement or term sheet relating thereto; (ii) articles of amendment for the particular series of underlying Preferred Stock, if any, have been filed with the SCC and the SCC has issued a certificate of amendment with respect thereto; (iii) the Indenture relating to the applicable series of underlying Debt Securities, if any, has been duly authorized, executed and delivered by the Company and the trustee named in such Indenture; (iv) the execution and delivery of a Warrant Agreement related to the applicable underlying Warrants, if any, has been duly authorized by the Board, and such Warrant Agreement has been duly executed and delivered on behalf of the Company and the Warrant Agent named therein, if any; and (v) a rights agreement relating to the applicable underlying Rights, if any, has been duly authorized, executed and delivered by the Company and the other parties thereto, the Offered Units, when issued and sold in accordance with the applicable underwriting agreement, if any, or any other duly authorized, executed and delivered valid and binding purchase or agency agreement will be, as applicable, duly authorized, validly issued, fully paid and nonassessable, or, as appropriate, will be legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

Re: Dynex Capital, Inc.

Ladies and Gentlemen:

We have acted as counsel to Dynex Capital, Inc., a Virginia corporation ("Dynex" or "you"), in connection with the preparation of a registration statement on Form S-3 (the "Registration Statement") to be filed on the date hereof with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"). The Registration Statement relates to the issuance and sale by Dynex from time to time, pursuant to Rule 415 of the General Rules and Regulations promulgated under the Securities Act, of the following securities with a proposed maximum aggregate offering price of up to \$500,000,000: (1) shares of common stock, \$0.01 par value per share (the "Common Stock"); (2) shares of preferred stock, \$0.01 par value per share, to be issued in one or more series (the "Preferred Stock"); (3) debt securities, in one or more series, any series of which may be either senior debt securities or subordinated debt securities (collectively, the "Debt Securities"); (4) warrants to purchase Common Stock, Preferred Stock or Debt Securities ("Warrants"); (5) rights to purchase Common Stock, Preferred Stock, Debt Securities, Warrants or Units (as defined below); and (6) units consisting of two or more of the foregoing ("Units").

You have requested our opinion regarding Dynex's qualification as a real estate investment trust ("REIT") pursuant to sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the "Code"), for its 2015 and 2016 taxable years. In addition, you have requested our opinion with respect to whether Dynex's organization and contemplated method of operations are such as to enable it to continue to qualify as a REIT for its 2017 taxable year and subsequent taxable years.

Dynex has a number of wholly-owned subsidiaries ("qualified REIT subsidiaries"), the income, liabilities, and assets of which are consolidated with those of Dynex for U.S. federal income tax purposes. This letter refers to Dynex, together with such subsidiaries, as "Consolidated Dynex." In connection with the opinions rendered below, we have examined such records, certificates, documents and other materials as we considered necessary or appropriate as a basis for such opinion, including, without limitation, the following:

1. The Restated Articles of Incorporation of Dynex, as amended, effective June 2, 2014;

2. The Amended and Restated Bylaws of Dynex, effective as of May 16, 2017;
3. Consolidated Dynex's federal income tax return for its taxable year 2014 and 2015;
4. The 2016 Form 10-K of Consolidated Dynex;
5. The Registration Statement and the Prospectus;
6. The representation letter, dated the date hereof, delivered to us by an officer of Dynex as to relevant factual matters and covenants as to future operations (the "Representation Letter"); and
7. such other documents as we have deemed necessary or appropriate for purposes of the opinions provided herein.

In connection with the opinion rendered below, we have assumed that each of the documents referred to above has been duly authorized, executed, and delivered, is authentic, if an original, or accurate, if a copy, and has not been amended, and is accurate, correct and complete in all material respects. We have further assumed that during Consolidated Dynex's 2017 taxable year and subsequent taxable years, it has conducted, and will continue to conduct, its affairs in a manner that will make the representations set forth in the Representation Letter true for such years; and that neither Dynex nor any subsidiary of Dynex will make any amendments to its organizational documents after the date of this opinion that would affect Consolidated Dynex's qualification as a REIT for any taxable year.

Further the opinion is based on the assumption that (i) Consolidated Dynex met certain asset, income and distribution requirements applicable to REITs, (ii) if Consolidated Dynex were ultimately found not to have met the REIT distribution requirements for any taxable year, such failure was due to reasonable cause and not due to willful neglect; (iii) each of Dynex and its subsidiaries has been and will continue to operate in accordance with the laws of the jurisdiction in which it was formed, and in the manner described in the relevant articles of incorporation, bylaws, partnership agreement, LLC operating agreement or other organizational documents, (iv) there will be no changes in the applicable law of Virginia or of any other jurisdiction under the laws of which any of the entities comprising Dynex and its subsidiaries have been formed, and (v) each of the written agreements to which Dynex or its subsidiaries is a party has been and will be implemented, construed and enforced in accordance with its terms, without regard to any parole evidence. In addition, for the purposes of rendering this opinion, we have not made an independent investigation or reached independent conclusions as to the assumptions that we have made or of the facts set forth in any of the aforementioned documents, including, without limitation, the Registration Statement, the Prospectus, the Prospectus Supplement, and the Representation Letter.

Based solely on the documents, assumptions, and representations set forth above, and without further investigation, we are of the opinion that Consolidated Dynex qualified as a REIT in its 2015 and 2016 taxable years and that its organization and contemplated method of operation are such that it will continue to so qualify for its 2017 taxable year and subsequent

taxable years. Except as described herein we have performed no further due diligence and have made no efforts to verify the accuracy or genuineness of the documents, assumptions, and representations set forth above.

The ability of Consolidated Dynex to qualify as a REIT for subsequent taxable years will depend on future events, some of which are not within the control of Consolidated Dynex. Additionally, it is not possible to predict whether the statements, representations, warranties, or assumptions on which we have relied to issue this opinion will continue to be accurate in the future. We will not review Consolidated Dynex's compliance with the documents or assumptions, or the representations set forth above. Accordingly, no assurance can be given that the actual results of Consolidated Dynex's operations for any given taxable year will satisfy the requirements for qualification and taxation as a REIT.

The foregoing opinion is based on the Code and Treasury Regulations promulgated thereunder, each as amended from time to time and as in existence as of the date hereof, and on existing administrative and judicial interpretations thereof. Legislation enacted, administrative action taken, administrative interpretations or rulings, or judicial decisions promulgated or issued subsequent to the date hereof may result in tax consequences different from those anticipated by our opinion herein. Additionally, our opinion is not binding on the Internal Revenue Service or any court, and there can be no assurance that contrary positions may not be taken by the Internal Revenue Service.

The foregoing opinion is limited to the U.S. federal income tax matters addressed herein, and no other opinions are rendered with respect to other federal tax matters or to any issues arising under the tax laws of any other country, or any state or locality. We undertake no obligation to update the opinions expressed herein after the date of this letter. This opinion letter is solely for the information and use of the addressee, and it speaks only as of the date hereof. Except as provided in the next paragraphs, this opinion letter may not be distributed, relied upon for any purpose by any other person, quoted in whole or in part or otherwise reproduced in any document, or filed with any governmental agency without our express written consent.

We consent to the references to this firm in the Prospectus filed with the Registration Statement and to the filing of this opinion as an exhibit to the Registration Statement in which the Prospectus is included. In giving this consent, we do not thereby admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act, or the rules and regulations of the Commission thereunder.

Very truly yours,
